MINERAL TENEMENT – GENERAL

Section

12. Persons to whom mineral tenements may be granted or transferred PART III
13. Mineral tenement may be granted over State land, etc.
14. Mineral tenement in certain land areas
15. Areas closed to mineral tenement
16. Area reserved for competitive bid
17. Declaration of mineral reserve
18. Application of the National Land Code
19. Application for transfer of mineral tenement
20. Effect of death, dissolution or other legal disability

PART IV

MINERAL TENEMENT - LICENCE AND LEASE

Chapter 1 - Fossicking Licence

21. Application for fossicking licence
22. Statutory conditions of fossicking licence
23. Duration of fossicking licence
24. Licence personal to the holder and not transferable
25. Rights under fossicking licence
26. Prohibition of utilisation or sale
27. Revocation of fossicking licence

MINERAL (PERAK) 2003

Chapter 2 – Dulang Licence

Section

- 28. Application for dulang licence
- 29. Statutory conditions of dulang licence
- 30. Duration of dulang licence
- 31. Licence personal to the holder and not transferable
- 32. Rights under dulang licence
- 33. Suspension and revocation of dulang licence

Chapter 3 – Individual Mining Licence

- 34. Declaration of individual mining area
- 35. Application for individual mining licence
- 36. Statutory conditions of individual mining licence
- 37. Duration of individual mining licence
- 38. Licence personal to the holder and not transferable
- 39. Rights under individual mining licence
- 40. Suspension and revocation of individual mining licence

Chapter 4 – Prospecting Licence and Exploration Licence

- 41. Application for prospecting licence or exploration licence
- 42. Statutory conditions of prospecting licence or exploration licence
- 43. Duration and renewal of prospecting licence or exploration licence
- 44. Terms or conditions and endorsement upon renewal of licence
- 45. Prospecting licence with hard rock extension
- 46. Fee for renewal or extension

PERAK No.7 OF 2003

Section

47. Transfer of prospecting licence or exploration licence
48. Area of prospecting licence or exploration licence
49. Rights under prospecting licence or exploration licence
50. Voluntary relinquishment
51. Holder of prospecting licence or exploration licence to be granted priority for grant of mining lease
52. Commencement of field exploration
53. Notice of discovery
54. Bulk sampling, trial processing and sale of specimens and samples
55. Prospecting licence or exploration licence shall continue to remain in force until application for renewal is determined
56. Revocation of prospecting licence or exploration licence
57. Imposition of fine, remedying of breach or contravention
58. When revocation to take effect
59. Entry in register
60. Surrender of prospecting licence or exploration licence
61. Restriction on application for prospecting licence or exploration licence

Chapter 5 - Mining Lease

62. Land over which mining lease may be granted
63. Application for mining lease
64. Right to mine contingent on obtaining approval of mine feasibility study, plan for rehabilitation, etc.
65. Survey of mining lease area
66. Duration and renewal of mining lease

MINERAL (PERAK) 2003

Section

Terms or conditions and endorsement upon renewal" of licence

44. Upon renewal of a prospecting licence or exploration licence, as the case may be, the State Authority-

(a) may impose such terms or conditions as it deems fit, taking into account any area relinquished before or at the time of the renewal; and

(b) shall endorse on the licence the particulars of such renewal.

Prospecting licence with hard rock extension

45. (1) An application for an extension of prospecting licence for prospecting for minerals occurring in hard rock deposits shall be made by the holder of a prospecting licence to the State Authority extension in the prescribed form.

MINERAL (PERAK) 2003

(2) The State Authority or any officer authorized in writing by it may, on receipt of an application under subsection (1), grant a prospecting licence with hard rock extension subject to such terms or conditions as may be specified in the extension or as may be prescribed.

(3) A prospecting licence with hard rock extension may be granted for a term not exceeding ten years beginning from the date of the original issuance of the prospecting licence.

Fee for renewal or extension

46. (1) Where an application-

(a) for the renewal of a prospecting licence;

(b) for the renewal of an exploration licence; or

(c) for the extension of a prospecting licence under section 45,

has been approved, such approval shall have effect-

(aa) in the case of a prospecting licence or exploration licence, upon payment of the prescribed fee;

(bb) in the case of the extension of a prospecting licence, upon payment of the prescribed fee and the first year's holding fee.

(2) If the applicant fails to pay the prescribed fee, and the first year's holding fee, as the case may be, for the renewal or extension mentioned in subsection (1) within sixty days after being notified of its approval, such approval shall be deemed revoked.

Transfer of prospecting licence or exploration licence

47. (1) A prospecting licence may be transferable-

(a) if such licence has been granted a hard rock exploration extension under section 45; or

(b) upon the death, dissolution or other legal disability of the holder of the licence.

(2) An exploration licence may be transferable.

(3) An application for the transfer of a prospecting licence or an exploration licence shall be in such manner as provided under section 19.

Area of prospecting licence or exploration licence

48. (1) Subject to subsections (2) and (3), the area of-

(a) a prospecting licence granted under this Enactment shall not exceed four hundred hectares; and

(b) an exploration licence granted under this Enactment shall exceed four hundred hectares but shall not exceed twenty thousand hectares.

(2) Any number of prospecting licences may be granted to any person:

Provided that no person shall be granted under multiple licences a contiguous area exceeding eight hundred hectares.

(3) Any number of exploration licences may be granted to any person:

Provided that no person shall be granted under multiple licences a contiguous area exceeding forty thousand hectares.

Rights under prospecting licence or exploration licence

49. A prospecting licence or exploration licence, as the case may be, shall, subject to this Enactment and to the terms or conditions specified in the licence, confer upon the holder thereof the rights-

(a) to obtain access and to enter the prospecting or exploration area;

(b) to explore on an exclusive basis for any mineral within the limits of the prospecting or exploration area;

(c) to obtain samples within the limits of the prospecting or exploration area and to remove such samples; and

(d) to use water, sand and gravel, road, canal and river as required for exploration within the limits of the prospecting or exploration area.

Voluntary relinquishment

50. Any holder of a prospecting licence or exploration licence may, by notice in writing, in such form and manner as may be prescribed, relinquish any area in respect of which such licence has been granted on every annual date of the licence.

MINERAL (PERAK) 2003

Holder of prospecting licence or exploration licence to be granted priority for grant of mining lease

51. (1) Subject to subsection (2), (3) or (4) and the other provisions of this Enactment, the holder of a prospecting licence or exploration licence may apply for and be granted on a priority basis one or more mining leases in respect of any part of the land which is subject to the licence.

(2) Where the land in respect of which a prospecting licence or exploration licence has been granted consists, wholly or partly, of alienated land or land occupied in expectation of title, the right of the holder of the licence to be granted mining lease over such land shall be subject to the condition-

(a) that the holder of the licence has the proprietorship of the land; or

(b) that the holder of the licence has paid the cost of acquisition thereof and the land has been so acquired; and

(c) that the Committee has recommended that the application be approved.

(3) Where the land in respect of which a prospecting licence or exploration licence has been granted consists, wholly or partly, of reserved land or reserved forest area, the right of the holder of the licence to be granted mining lease over such land shall be subject to the condition-

(a) that the reservation has been revoked; and

(b) that the Committee has recommended that the application be approved.

(4) Where the land in respect of which a prospecting licence or exploration licence has been granted consists, wholly or partly, of occupied land other than land occupied in expectation of title, the right of the holder of the licence to be granted a mining lease over such land shall be subject to the condition-

(a) that the right of occupation has been terminated; and

(b) that the Committee has recommended that the application be approved.

PERAK No.7 OF 2003

(5) Subsections (2), (3) and (4) shall not apply where the holder of the prospecting licence or exploration licence applies for a mining lease in respect of any land beneath alienated land.

Commencement of field exploration

52. (1) The holder of a prospecting licence shall commence field exploration within three months from the date the prospecting licence is issued.

(2) The holder of an exploration licence shall commence field exploration within twelve months from the date the exploration licence is issued.

(3) The holder of a prospecting licence or exploration licence shall, upon commencement of field exploration, send a written notice as may be prescribed to the Director, the Superintendent of Mines and the Director General of Mineral and Geoscience, and should the prospecting or exploration area includes any reserved land or reserved forest area to the officer for the time being having the control over such land, stating-

(a) the prospecting licence or exploration licence number;

(b) the name and address of the holder of the prospecting licence or exploration licence; and

(c) the date of commencement of field exploration.

(4) In this section, "field exploration" means exploration activities physically undertaken within the prospecting or exploration area and includes airborne geophysical and geomagnetic surveys and other related surveys.

Notice of discovery

53. The holder of a prospecting licence or exploration licence shall submit a notice of discovery in such form as may be prescribed, within twelve months from the discovery of any mineral deposit with economic potential to the Director, the Superintendent of Mines and the Director General of Mineral and Geoscience together with such information as may be necessary to confirm the existence of the mineral deposit.

Bulk sampling, trial processing and sale of specimens and samples

54. (1) The holder of a prospecting licence or exploration licence shall be entitled to take and remove from the land specimens and samples not exceeding the limit as may be specified in the licence or as may be prescribed.

MINERAL (PERAK) 2003

(2) The holder of an exploration licence shall be entitled to do

(a) bulk sampling; and

(b) trial processing,

of any mineral ore coming from the exploration area not exceeding such limit as may be specified in the licence or as may be prescribed.

(3) With the prior written permission of the Director-

(a) the holder of a prospecting licence may sell any specimen or sample obtained for prospecting purposes; and

(b) the holder of an exploration licence may sell any specimen or sample obtained for exploration purposes or from bulk sampling and trial processing,

and the proceeds from any such sale shall be subject to the payment of royalty as if the specimen or sample was obtained under a mining lease.

(4) In this section, the expressions "bulk sampling" and "trial processing" mean the collection and treatment respectively, of a representative portion of the deposit solely for the purpose of determining the projected viability of developing the deposit.

Prospecting licence or exploration licence shall continue to remain in force until application for renewal is determined

55. (1) If an application for renewal of a prospecting licence or exploration licence is made to the State Authority-

(a) within the period mentioned in subsection 43(2); and

(b) the term of the prospecting licence or exploration licence would, but for this subsection, expire,

the prospecting licence or exploration licence shall continue to remain in force until the application is determined but shall be deemed to have expired on the date on which the said application is refused.

(2) If an application for a prospecting licence with hard rock extension, or mining lease, or proprietary mining licence, is made by the holder of a prospecting licence or exploration licence-

(a) while the prospecting licence or exploration licence continues in force; and

(b) the term of the prospecting licence or exploration licence would, but for this subsection, expire,

PERAK No.7 OF 2003

the prospecting licence or exploration licence shall continue to remain in force in respect of the land which is the subject of the application until the application is determined, and the land which is not the subject of such application shall be deemed to have been relinquished.

Revocation of prospecting licence or exploration licence

56. (1) The State Authority may, after consultation with the Committee, revoke a prospecting licence or exploration licence if it is satisfied that the holder of the licence-

(a) has breached any of the terms or conditions specified in the licence; or

(b) has contravened any of the provisions of this Enactment.

(2) For the purpose of subsection (1), the State Authority shall serve or cause to be served on the holder of a prospecting licence or exploration licence written notice of its intention to revoke the licence and the grounds on which it proposes to take such action, and it shall give the holder of the licence thereof an opportunity to make written representations thereon within thirty days from the date of service of the notice.

(3) The State Authority shall also serve or cause to be served on any person or body-

(a) who has a lawful interest affecting the land in respect of which the licence has been granted; or

(b) who is in lawful occupation of any part of the land in respect of which the licence has been granted,

a copy of the written notice mentioned in subsection (2) to which there shall be appended an additional notice in such form as may be prescribed.

(4) Upon the expiry of the period of thirty days mentioned in subsection (2) and after considering any representation made by the holder of the licence and after holding an inquiry, the State Authority shall decide-

(a) whether to proceed with the proposed action;

(b) whether to take action under section 57; or

(c) whether to take no further action.

MINERAL (PERAK) 2003

(5) The State Authority shall give the holder of the prospecting licence or exploration licence written notice of its decision under subsection (4).

Imposition of fine, remedying of breach or contravention

57. (1) If the State Authority is satisfied, after consultation with the Committee, that there are grounds on which its power to revoke the prospecting licence or exploration licence, as the case may be, is exercisable under paragraph 56(4)(a) but the circumstances are not such as to justify revocation, the State Authority may in its discretion-

(a) make an order for the payment of a fine not exceeding two hundred thousand ringgit within a specified time; or

(b) issue a notice in such form and manner as may be prescribed, specifying the necessary action to be taken to remedy the breach or contravention within a specified time.

(2) The State Authority shall give the holder of the prospecting licence or exploration licence written notice of its decision under subsection (1).

(3) Upon service of the notice under subsection (2), the State Authority shall endorse or cause to be endorsed the particulars of-

(a) the order made under paragraph (1)(a); or

(b) the notice issued under paragraph (1)(b),

as the case may be, on the prospecting licence or exploration licence kept in the register referred to in section 115.

(4) If the order made under paragraph (1)(a) is complied with, the endorsement under subsection (3) shall be cancelled accordingly.

(5) If the order made under paragraph (1)(a) is not complied with, the State Authority shall make an order declaring the prospecting licence or exploration licence, as the case may be, revoked.

(6) Notwithstanding subsection (4), if the State Authority is satisfied that the breach or contravention continues, it shall make an order declaring the prospecting licence or exploration licence, as the case may be, revoked.

PERAK No.7 OF 2003

(7) If the notice issued under paragraph (1)(b) is complied with, the endorsement under subsection (3) shall be cancelled accordingly.

(8) If the notice issued under paragraph (1)(b) is not complied with, the State Authority shall make an order declaring the prospecting licence or exploration licence, as the case may be, revoked.

(9) Notwithstanding subsection (7), if the State Authority is satisfied that the breach or contravention continues, it shall make an order declaring the prospecting licence or exploration licence, as the case may be, revoked.

When revocation to take effect

58. (1) The revocation of a prospecting licence or exploration licence shall take effect on the date the order of revocation is made under section 56, 57 or 98, as the case may be.

(2) Where an order of revocation as mentioned in subsection (1) has been made, the holder of such licence shall forthwith surrender such licence to the State Authority.

Entry in register

59. Where a prospecting licence or exploration licence has been revoked or expired, as the case may be, the Director shall enter or cause to be entered a memorial of such revocation or expiry in the register wherein the licence is recorded as provided for under section 120.

Surrender of prospecting licence or exploration licence

60. (1) An application to surrender a prospecting licence or exploration licence shall be made to the Director in the prescribed form.

(2) The liability of the holder of a prospecting licence or exploration licence-

(a) to pay any fee, royalty, penalty or other money that is payable on or before the date of surrender;

(b) to perform any obligation required to be performed on or before the date of surrender; and

(c) for any act done or default made on or before the date of surrender,

shall not be affected by the surrender of the licence under subsection (1).

MINERAL (PERAK) 2003

Restriction on application for prospecting licence or exploration licence

61. (1) Where a prospecting licence or exploration licence is revoked or surrendered, no application for either a prospecting licence or exploration licence in respect of the same or any area within or overlapping the previous prospecting or exploration area shall be considered for approval within a period of one year from the date of revocation or surrender, as the case may be.

(2) Notwithstanding section 43, any former holder of a prospecting licence or exploration licence whose licence has reached its maximum total duration of four or fifteen years respectively shall be given priority on an application for either a prospecting licence or exploration licence in respect of the same or any area within or overlapping the previous prospecting or exploration area:

Provided that no such application shall be considered for approval within a period of one year from the date of expiration of the maximum total duration of the said licences.

Chapter 5 – Mining Lease

Land over which mining lease may be granted

62. (1) Subject to subsection (2), a mining lease may be granted by the State Authority over any State land, including the State land beneath alienated land.

(2) Subject to section 51, no mining lease shall be granted in respect of any area within the prospecting or exploration area in respect of which a prospecting licence or exploration licence has been granted except with the written consent of the holder of such licence.

Application for mining lease

63. (1) An application for a mining lease shall be made to the State Authority in the prescribed form.

(2) An application for a mining lease shall include a pre-feasibility study which shall include-

(a) a general description of the proposed mining scheme;

PERAK No.7 OF 2003

(b) the expected commencement date of mineral production (to be stated as the number of months from the date of issuance of the mining lease);

(c) a schedule of estimated annual raw ore production for the term of the mining lease;

(d) such information as may be prescribed; and

(e) such other information as the State Authority may reasonably require for the discharge of its function in relation to the application.

(3) Upon receipt of an application under subsection (1), the State Authority shall refer the application to the Committee for its recommendation.

(4) In considering an application for a mining lease for the purpose of making its recommendation, the Committee shall verify that the applicant-

(a) has complied with the requirements of this Enactment; and

(b) is technically and financially qualified to develop and mine the area to which the application relates.

(5) The Committee shall, as soon as practicable after considering the application, transmit to the State Authority its report and recommendation whether the application should be-

(a) approved, in whole or in part-

(i) confirming that the applicant has complied with the requirements of this Enactment; and

(ii) specifying the terms or conditions subject to which the lease is to be granted; or

(b) refused.

(6) On receipt of the report and recommendation by the Committee under subsection (5), the State Authority may, subject to subsection (8) and any other provisions of this Enactment, approve or refuse the application whether or not the Committee recommends the approval of the application or the refusal thereof and its decision shall be final.

MINERAL (PERAK) 2003

(7) The State Authority shall notify

- (a) the applicant;
- (b) the Committee; and
- (c) the Director,

in writing of its decision under subsection (6).

(8) In the case where-

- (a) the Committee makes recommendation for the approval of a mining lease to two or more applicants;
- (b) the areas to which the applications relate overlap in whole or in part; and
- (c) such area of overlapping is not subject to a prospecting licence or exploration licence,

the State Authority may grant such overlapping area to the applicant which it deems best fit to mine the area.

(9) A mining lease granted under this section shall specify whether the lessee is authorized to conduct-

- (a) a small scale operation; or
- (b) a large scale operation.

(10) Any person who, at the time of the application –

- (a) holds a valid prospecting licence or exploration licence covering the area of land to which the application relates;
- (b) holds a valid mining lease authorizing a large scale operation for the area of land to which the application relates and applies to alter such lease to a mining lease authorizing a small scale operation;
- (c) holds a valid mining lease covering the area of land contiguous to the area of land to which the application relates; or
- (d) can show to the satisfaction of the Committee that the level of previous exploration or mining work, or both, in the area or area adjacent to the land to which the application relates provides sufficient geological information to support the application,

PERAK No.7 OF 2003

may be authorized to conduct a small scale operation.

(11) Any person who, at the time of the application-

(a) holds a valid prospecting licence or exploration licence covering the area of land to which the application relates; or

(b) holds a valid mining lease authorizing a small scale operation for the area of land to which the application relates and applies to alter such lease to a mining lease authorizing a large scale operation,

may be authorized to conduct a large scale operation.

(12) If the application for a mining lease is granted the Director shall, as soon as practicable after being notified under paragraph (7)(c)-

(a) upon payment of the prescribed fee;

(b) upon payment of the first year's rent;

(c) subject to the compliance with boundary survey requirements under section 65 and upon payment of the survey fee, if the survey was carried out by the Survey Officer; and

(d) upon payment of the fee for mining lease plan,

issue to the applicant a mining lease in Form F as set out in Schedule I-

(aa) subject to such terms or conditions as may be specified therein or as may be prescribed; and

(bb) stating whether the mining lease authorizes a small scale operation or large scale operation.

(13) If the applicant fails to pay the prescribed fee, the first year's rent and the survey fee required under subsection (12) within sixty days after being notified of the approval of the mining lease, such approval shall be deemed revoked.

(14) Sections 84 and 96 of the National Land Code shall apply for the calculation of the amount of rent required to be paid under subsection (12).

MINERAL (PERAK) 2003

Right to mine contingent on obtaining approval of mine feasibility study, plan for rehabilitation, etc.

64. (1) The lessee shall not commence any development work or mining on the land in respect of which the lease has been granted until after the approval of-

(a) a mine feasibility study under section 73;

(b) a plan for rehabilitation, if so required, under section 126; and

(c) an environmental impact assessment, if so required, under the Environmental Quality Act 1974.

(2) The lessee is required to obtain the approval of the study, plan and document mentioned in subsection (1) within three years from the date the mining lease is issued.

(3) Where the application to alter a lease authorizing a small scale operation to a large scale operation is approved, no large scale mining or development work to implement large scale mining shall commence until the approvals under subsection (1) have been obtained.

Survey of mining lease area

65. (1) Where an application for a mining lease has been approved, a boundary survey of the area specified in the application shall be carried out at the expense of the lessee before the mining lease is issued.

(2) The provisions of sections 10, 83, 114 and 396 to 409A of the National Land Code relating to survey for the purpose of alienation shall, with such modification as may be necessary, apply in respect of boundary survey for the purpose of a mining lease and to any survey matter relating thereto:

Provided that sections 403, 404 and 405 of the National Land Code shall not apply to boundary marks on a common boundary shared by two mining leases where such leases are held by the same person .

(3) No development work or mining may commence under a mining lease until the mining land in respect of which the lease is granted has been surveyed.

Duration and renewal of mining lease

66. (1) A mining lease shall be granted for the maximum economic life of the mine or mining operations, as the case may be, but shall not exceed an initial term of twenty-one years.

(2) A mining lease may be renewed in whole or in part for a term based on the economic life of the mine or mining operations, as the case may be, but such renewal shall not exceed twenty-one years.

(3) An application for renewal of a mining lease shall be made to the Director in the prescribed form at least twelve months prior to the expiry of the mining lease.

(4) The Director shall, as soon as practicable upon receiving the application for renewal of a mining lease, register the application in such manner as may be prescribed.

(5) Where an application for renewal of a mining lease is made to the Director at least twelve months prior to the expiry of the lease the Director shall, within six months from the date of its registration, renew the lease if-

(a) the lessee has complied with the terms or conditions specified in the original lease;

(b) the lessee has complied with the requirements of this Enactment;

(c) the lessee can show to the satisfaction of the Director that there are mineral reserves to justify a renewal or there is a need to maintain the property for use as an integral part of the mining operations on the adjoining mining land; and

(d) in the case of an application for renewal of a mining lease authorizing a large scale operation, a modified mine rehabilitation plan has been approved.

(6) Where the application to renew a mining lease is refused by the Director, he shall notify the lessee in writing of his decision stating the reasons therefor.

(7) Any person aggrieved by the refusal of the Director to renew a mining lease under subsection (6) may, within thirty days after being notified of such refusal, appeal in writing to the State Authority whose decision shall be final.

MINERAL (PERAK) 2003

(8) As soon as practicable after an application for the renewal of a mining lease is approved, the Director shall cause an endorsement of such approval under his signature and seal, including the new expiry date of the mining lease, to be recorded in the register.

(9) If an application for renewal of a mining lease is made to the Director-

(a) at least twelve months prior to the expiry of the lease; and

(b) the term of the lease would, but for this subsection, expire, the lease shall continue in force in respect of the land to which the application relates until the application is determined.

(10) Where an application for renewal of a mining lease is made less than twelve months prior to the expiry of the lease, the Director may consider approving the application if it satisfies the conditions specified in subsection (5) but shall impose on the lessee, upon renewal of the lease, a late filing fee of not less than one hundred ringgit per month but not more than one thousand ringgit per month.

Transfer of mining lease

67. (1) A mining lease may be transferable.

(2) An application for the transfer of a mining lease shall be in such manner as provided under section 19.

Area of mining lease

68. The area of a mining lease granted under this Enactment shall be of such size reasonably required for the mine as the State Authority may determine after consultation with the Committee.

Lessee to be granted priority for prospecting licence or exploration licence in respect of contiguous areas

69. Subject to the provisions of this Enactment, the lessee of a mining lease authorizing a large scale operation may apply for and be granted on a priority basis a prospecting licence or exploration licence for areas contiguous to the mining land in respect of which the mining lease has been granted if-

(a) no other mineral tenement for such contiguous land has been granted;

PERAK No.7 OF 2003

(b) the lessee has complied with the requirements of this Enactment; and

(c) the lessee has complied with the terms or conditions specified in the mining lease.

Rights under mining lease

70. (1) A mining lease shall, subject to this Enactment and to the terms and conditions specified in the lease, confer upon the lessee thereof the rights-

(a) to exclusively mine the land in respect of which the lease has been granted in accordance with-

(i) in the case of a mining lease authorizing a small scale operation, the pre-feasibility study submitted under section 63; or

(ii) in the case of a mining lease authorizing a large scale operation, the mine feasibility study approved under section 73; and

(b) subject to section 71-

(i) and any other law relating to minerals, to store, transport, process and sell any mineral extracted and dispose of any waste;

(ii) to use any timber, sand or gravel as required for mining within the mining land;

(iii) to use such portions of the mining land as may be required for the purposes of growing plants or vegetables, or keeping animals, poultry or fish as may be reasonable for use by the employees at the mine;

(iv) to use such portions of the mining land as may be required for the purpose of erecting houses, lines, sheds or other buildings as may be reasonable for the purposes of the mine or for use by the employees at the mine;

(v) to do any act or thing and establish and maintain any road and facility to effectually carry out mining operations, on or under the land; and

MINERAL (PERAK) 2003

(vi) to use, occupy and enjoy the land in respect of which a mining lease has been granted for mining purposes.

(2) The mining lease shall not, subject to this Enactment and to the terms or conditions specified in the lease, entitle the lessee the exclusive right within the mining land in respect of which the lease has been granted to use any public road, rail, canal, river and telecommunications system as may be required for mining.

(3) In this section, "process" means any activity whereby minerals or minerals ores are treated for the beneficiation thereof but excludes smelting and refining.

Prohibition

71. The lessee shall not, unless authorized under any other written law, remove beyond the boundaries of the mining land in respect of which the lease has been granted for any purpose-

- (a) any timber or other forest produce;
- (b) any plant, vegetable, animal, poultry or fish; or
- (c) any coral, earth, gravel, guano, loam, rock, sand, shell, clay, brick, lime, cement or other commodity manufactured from such materials,

obtained from or raised on the said land.

Statutory conditions of mining lease

72. (1) It shall be a condition of every mining lease granted under this Enactment that the lessee thereof-

- (a) shall cause to be kept true and sufficient books of account of the mining and other business carried on upon the mining land, and of the disposal of the minerals obtained; and to produce such books upon a request by the authorized officers;
- (b) shall submit such information and periodical activity reports as may be prescribed;
- (c) shall allow scientific surveys if there is no interference with mining;
- (d) shall maintain the mining land under the lease to a safe state and to such environmental standards as may be prescribed;

PERAK No.7 OF 2003

(e) shall comply with the approved environmental impact assessment, if such assessment is required under any written law;

(f) shall comply with the approved plan for rehabilitation, if required under this Enactment;

(g) shall allow over or through the mining land access to any adjoining land as shall not, in the opinion of the Superintendent of Mines, interfere with mining operations;

(h) shall allow the construction and use on the mining land of such watercourses, canals, pipelines and transmission lines, public roads and public utilities as shall not, in the opinion of the Superintendent of Mines, interfere with mining operations or rights under the lease;

(i) in the case of a mining lease authorizing a small scale operation, shall not conduct any large scale operation on the mining land; and

(j) in the case of a mining lease authorizing a large scale operation, shall not conduct any small scale operation on the mining land.

(2) Time shall be deemed to be of the essence of every condition subject to a fixed term by which the lessee is required to do any act.

Submission of mine feasibility study for large scale operation

73. (1) The lessee of a mining lease authorizing a large scale operation shall submit a mine feasibility study for the approval of the Committee which may approve or reject it.

(2) If the Committee approves the mine feasibility study submitted under subsection (1), the lessee of a mining lease authorizing a large scale operation shall, subject to this Enactment, mine the land in respect of which the mining lease has been granted in accordance with the approved mine feasibility study.

(3) The lessee of a mining lease authorizing a large scale operation may-

(a) submit such number of mine feasibility studies as may be necessary in order to obtain the approval of the Committee under subsection (1); and

MINERAL (PERAK) 2003

(b) submit proposed revisions to the mine feasibility study approved under subsection (1) to the Committee which may approve or reject such proposed revisions.

(4) The mine feasibility study required under subsection (1) shall include-

- (a) a mine construction schedule;
- (b) the planned production commencement date;
- (c) a schedule of planned annual raw ore production for the term of the lease; and
- (d) such other information as may be prescribed or requested by the Committee.

Notice of commencement of development work and mining

74. The lessee shall-

- (a) upon commencement of any development work on the land which is the subject of the mining lease; and
- (b) within fourteen days before commencing to mine the said land,

submit a written notice as may be prescribed of such commencement and the date thereof to the Director and the Superintendent of Mines.

When development work and mining to commence

75. (1) The lessee shall commence development work and mining within nine months from the date of registration of the lease:

Provided that where the lease is subject to a condition or requirement under this Enactment prohibiting the commencement of development work until such condition or requirement is satisfied, the lessee shall commence development work within nine months of the date on which such condition or requirement has been satisfied.

(2) The State Authority may forfeit the mining land under section 76 if the lessee fails to commence mining on the land in respect of which the mining lease has been granted within one year from the production commencement date specified-

- (a) in the case of a mining lease authorizing small scale operation, in the pre-feasibility study submitted under section 63; or

PERAK No.7 OF 2003

(b) in the case of a mining lease authorizing large scale operation, in the mine feasibility study submitted under section 73.

(3) The State Authority may forfeit the mining land under section 76 if the level of annual ore production is less than twenty per cent of the planned raw ore production for that year as stated-

(a) in the case of a mining lease authorizing small scale operation, in the pre-feasibility study submitted under section 63; or

(b) in the case of a mining lease authorizing large scale operations, in the mine feasibility study submitted under section 73,

for two consecutive years, if in the year following that two year period the annual ore production is twenty per cent or less of the planned raw ore production level for that year as stated in the said study.

Liability to forfeiture

76. (1) The State Authority may, after consultation for with the Committee, forfeit the mining land in respect of which a mining lease has been granted if it is satisfied that the lessee-

(a) has breached any of the terms or conditions specified in the lease; or

(b) has contravened any of the provisions of this Enactment.

(2) For the purpose of subsection (1), the State Authority shall serve or cause to be served on the lessee written notice of its intention to forfeit the mining land and the grounds on which it proposes to take such action, and it shall give the lessee an opportunity to make written representations thereon within thirty days from the date of service of the notice.

(3) The State Authority shall also serve or cause to be served on any person or body-

(a) who has a lawful interest affecting the mining land in respect of which the mining lease has been granted; or

(b) who is in lawful occupation of any part of the mining land in respect of which the mining lease has been granted,

a copy of the written notice mentioned in subsection (2) to which there shall be appended an additional notice in such form as may be prescribed.

MINERAL (PERAK) 2003

(4) Upon the expiry of the period of thirty days mentioned in subsection (2) and after considering any representation made by the lessee and after holding an inquiry, the State Authority shall decide-

- (a) whether to proceed with the proposed action;
- (b) whether to take action under section 77; or
- (c) whether to take no further action.

(5) The State Authority shall give the lessee written notice of its decision under subsection (4).

Imposition of fine, remedying of breach or contravention

77. (1) If the State Authority is satisfied, after consultation with the Committee, that there are grounds on which its power to forfeit the mining land is exercisable under paragraph 76(4) (a) but the circumstances are not such as to justify forfeiture, the State Authority may in its discretion-

- (a) make an order for the payment of a fine not exceeding two hundred and fifty thousand ringgit within a specified time; or
- (b) issue a notice in such form and manner as may be prescribed, specifying the necessary action to be taken to remedy the breach or contravention within a specified time.

(2) The State Authority shall give the lessee written notice of its decision under subsection (1).

(3) Upon service of the notice under subsection (2), the State Authority shall endorse or cause to be endorsed the particulars of-

- (a) the order made under paragraph (1)(a); or
- (b) the notice issued under paragraph (1)(b),

in the document of the mining lease kept in the register referred to in section 115.

(4) If the order made under paragraph (1)(a) is complied with, the endorsement under subsection (3) shall be cancelled accordingly.

(5) If the order made under paragraph (1)(a) is not complied with, the State Authority shall make an order declaring the mining land in respect of which the mining lease has been granted forfeited to the State Authority.

PERAK No.7 OF 2003

(6) Notwithstanding subsection (4), if the State Authority is satisfied that the breach or contravention continues, it shall make an order declaring the mining land in respect of which the mining lease has been granted forfeited to the State Authority.

(7) If the notice issued under paragraph (1)(b) is complied with, the endorsement under subsection (3) shall be cancelled accordingly.

(8) If the notice issued under paragraph (1)(b) is not complied with, the State Authority shall make an order declaring the mining land in respect of which the mining lease has been granted forfeited to the State Authority.

(9) Notwithstanding subsection (7), if the State Authority is satisfied that the breach or contravention continues, it shall make an order declaring the mining land in respect of which the mining lease has been granted forfeited to the State Authority.

When forfeiture to take effect

78. (1) The State Authority shall, as soon as practicable after making an order of forfeiture under section 76, 77, 98, 128 or 130 with respect to any mining lease, publish or cause to be published in the *Gazette* a notification of forfeiture in such form as may be prescribed and any such forfeiture shall take effect upon such publication.

(2) Where an order of forfeiture as mentioned in subsection (1) has been made, the lessee shall forthwith surrender the document of mining lease to the Director.

(3) The State Authority shall, as soon as practicable after the notification mentioned in subsection (1) is published, enter or cause to be entered a memorial thereof in the register as provided for under section 120.

Effects of forfeiture

79. Upon the taking into effect of any forfeiture in relation to any mining lease under this Enactment-

(a) the mining land in respect of which the mining lease has been granted shall revert to, and vest in, the State Authority as State land, freed and discharged from any title or interest subsisting or capable of arising immediately before the forfeiture took effect;

MINERAL (PERAK) 2003

(b) there shall also vest in the State Authority any building then existing on the mining land other than any of temporary construction and capable of removal; and

(c) any rent due to the State Authority in respect of the mining land shall be extinguished.

Surrender of land under mining lease

80. (1) An application to surrender the mining land in respect of which the mining lease has been granted, in whole or in part, shall be made to the Director in the prescribed form.

(2) The liability of the lessee-

(a) to pay any rent, fee, royalty, penalty or other money that is payable on or before the date of surrender;

(b) to fulfill any requirement for rehabilitation;

(c) to perform any obligation required to be performed on or before the date of surrender; and

(d) for any act done or default made on or before the date of surrender,

shall not be affected by the surrender of the mining lease under subsection (1).

(3) In the case where the entire mining land under the mining lease is to be surrendered-

(a) the lessee shall, before making an application under subsection (1), give to the Director-

(i) in the case of a mining lease authorizing a small scale operation, at least three months notice; or

(ii) in the case of a mining lease authorizing a large scale operation, at least six months notice,

of his intention to apply to surrender such land; and

(b) the Director shall, upon approving the application for surrender under this section-

(i) notify the lessee and the State Authority in writing of such approval; and

PERAK No.7 OF 2003

(ii) enter or cause to be entered a memorial of the surrender in the register as provided for under section 120.

(4) Upon the entering of the memorial under subparagraph (3) (b) (ii), the mining land in respect of which the mining lease has been granted shall revert to and vest in the State Authority.

(5) In the case where only part of the mining land under the mining lease is to be surrendered, the Director shall-

(a) notify the lessee and the State Authority in writing whether the application for surrender is approved;

(b) cause a boundary survey of the area not surrendered to be completed at the expense of the lessee; and

(c) upon surrender of the original document of the mining lease, issue to the lessee a mining lease in respect of that portion of mining land which remains not surrendered which shall in all respects be subject to the same terms or conditions as the original lease.

(6) There shall be no surrender under this section unless the written consent of every person having an interest registered against the mining lease has been delivered to the Director.

Chapter 6 - Proprietary Mining Licence

Application for proprietary mining licence

81. (1) An application for a proprietary mining licence shall be made by the owner of any alienated land to the State Authority in the prescribed form.

(2) No proprietary mining licence shall be granted in respect of any area within a prospecting or exploration area in respect of which a prospecting licence or exploration licence has been granted except with the written consent of such licence holder.

MINERAL (PERAK) 2003

(3) An application for a proprietary mining licence shall include a pre-feasibility study which shall include-

(a) a general description of the proposed mining scheme;

(b) the expected commencement date of mineral production (to be stated as the number of months from the date the proprietary mining licence is issued);

(c) a schedule of estimated annual raw ore production for the term of the proprietary mining licence; and

(d) such other information as may be prescribed or requested by the Committee.

(4) Upon receipt of an application under subsection (1), the State Authority shall refer the application to the Committee for its recommendation.

(5) In considering an application for a proprietary mining licence for the purpose of making its recommendation, the Committee shall verify that the applicant-

(a) has complied with the requirements of this Enactment; and

(b) is technically and financially qualified to develop and mine the area to which the application relates.

(6) The Committee shall, as soon as practicable after considering the application, transmit to the State Authority its report and recommendation whether the application should be-

(a) approved, in whole or in part-

(i) confirming that the applicant has complied with the requirements of this Enactment; and

(ii) specifying the terms or conditions subject to which the licence is to be granted; or

(b) refused.

PERAK No.7 OF 2003

(7) On receipt of the report and recommendation by the Committee under subsection (6), the State Authority may, subject to subsection (9), approve or refuse the application whether or not the Committee recommends the approval of the application or the refusal thereof and its decision shall be final.

(8) The State Authority shall notify

(a) the applicant;

(b) the Committee; and

(c) the Director, .

in writing of its decision under subsection (7).

(9) The State Authority shall, subject to this Enactment, grant the proprietary mining licence if-

(a) the applicant is also the holder of a prospecting licence or exploration licence, as the case may be, covering such land; and

(b) the Committee has recommended that the application be approved.

(10) If the application for a proprietary mining licence is approved the Director shall, as soon as practicable after being notified under paragraph (8)(c), and upon payment of the prescribed fee, register the instrument of proprietary mining licence and issue to the applicant a proprietary mining licence in Form G as set out in Schedule I subject to such terms or conditions as may be specified therein or as may be prescribed.

(11) If the applicant fails to pay the prescribed fee for a proprietary mining licence within sixty days after being notified of its approval, such approval shall be deemed revoked.

(12) Upon the registration of a proprietary mining licence in the register of proprietary mining licences-

(a) the Director shall record or cause to be recorded an entry of such registration in the register wherein the title to the land licensed to be mined is recorded; and

MINERAL (PERAK) 2003

(b) the Registrar or the Land Administrator, as the case may be, shall inform the Director of any entry, note or memorial made or cancelled in the register document of title in respect of which the proprietary mining licence has been issued and the Director shall, upon being so informed, make such necessary changes in the licence.

(13) The rights and obligations of a proprietary mining licence shall, while such licence continues in force, attach to and be inseparable from the registered title to the land so licensed to be mined.

(14) A proprietary mining licence shall not be transferable or charged or dealt with otherwise than by means of and incidental to a transfer or charge of, or other dealing with, the title to the land licensed to be mined:

Provided that every transfer or charge of, or other dealing with, the said title shall extend to and include the mining rights conferred by such licence.

Relevant provisions on mining lease authorizing small scale operation to apply

82. (1) The following provisions of this Enactment shall, with such modifications as may be necessary, apply to a proprietary mining licence-

(a) section 64, but in no case shall the holder of a proprietary mining licence be required to submit a plan for rehabilitation or make payment to the Common Rehabilitation Fund;

(b) section 66, but in no case shall the duration of a proprietary mining licence exceed the expiry date of the alienated land title to which the proprietary mining licence relates;

(c) sections 68, 70, 71, 72, 74 and 75.

(2) Where any provision specified in subsection (1) applies differently to a mining lease authorizing a small scale operation than to a mining lease authorizing a large scale operation, such provision shall apply to the proprietary mining licence in the same manner as it applies to a mining lease authorizing a small scale operation.

Revocation of proprietary mining licence

83. (1) The State Authority may, after consultation with the Committee, revoke a proprietary mining licence if it is satisfied that the holder of the licence-

(a) has breached any of the terms or conditions specified in the licence; or

(b) has contravened any of the provisions of this Enactment.

(2) For the purpose of subsection (1), the State Authority shall serve or cause to be served on the holder of a proprietary mining licence written notice of its intention to revoke the licence and the grounds on which it proposes to take such action, and it shall give the holder of the proprietary mining licence an opportunity to make written representations thereon within thirty days from the date of service of the notice.

(3) The State Authority shall also serve or cause to be served on any person or body-

(a) who has a lawful interest affecting the land in respect of which the licence has been granted; or

(b) who is in lawful occupation of any part of the land in respect of which the licence has been granted,

a copy of the written notice mentioned in subsection (2) to which there shall be appended an additional notice in such form as may be prescribed.

(4) Upon the expiry of the period of thirty days mentioned in subsection (2) and after considering any representation made by the holder of the licence and after holding an inquiry, the State Authority shall decide-

(a) whether to proceed with the proposed action;

(b) whether to take action under section 84; or

(c) whether to take no further action.

(5) The State Authority shall give the holder of the proprietary mining licence written notice of its decision under subsection (4).

MINERAL (PERAK) 2003

Imposition of fine, remedying of breach or contravention

84. (1) If the State Authority is satisfied, after consultation with the Committee, that there are grounds on which its power to revoke a licence is exercisable under paragraph 83(4)(a) but the circumstances are not such as to justify revocation, the State Authority may in its discretion-

(a) make an order for the payment of a fine not exceeding two hundred thousand ringgit within a specified time; or

(b) issue a notice in such form and manner as may be prescribed, specifying the action necessary to be taken to remedy the breach or contravention within a specified time.

(2) The State Authority shall give the holder of the proprietary mining licence written notice of its decision under subsection (1).

(3) Upon service of the notice under subsection (2), the State Authority shall endorse or cause to be endorsed the particulars of-

(a) the order made under paragraph (1)(a); or

(b) the notice issued under paragraph (1)(b),

as the case may be, on the proprietary mining licence kept in the register referred to in section 115.

(4) If the order made under paragraph (1)(a) is complied with, the endorsement under subsection (3) shall be cancelled accordingly.

(5) If the order made under paragraph (1)(a) is not complied with, the State Authority shall make an order declaring the proprietary mining licence revoked.

(6) Notwithstanding subsection (4), if the State Authority is satisfied that the breach or contravention continues, it shall make an order declaring the proprietary mining licence revoked.

(7) If the notice issued under paragraph (1)(b) is complied with, the endorsement under subsection (3) shall be cancelled accordingly.

(8) If the notice issued under paragraph (1)(b) is not complied with, the State Authority shall make an order declaring the proprietary mining licence revoked.

PERAK No.7 OF 2003

(9) Notwithstanding subsection (7), if the State Authority is satisfied that the breach or contravention continues, it shall make an order declaring the proprietary mining licence revoked.

When revocation to take effect

85. (1) The revocation of a proprietary mining licence shall take effect on the date the order of revocation is made under section 83,84 or 98, as the case may be.

(2) Where an order of revocation as mentioned in subsection (1) has been made, the holder of such licence shall forthwith surrender such licence to the State Authority.

Entry in register

86. Where a proprietary mining licence has been revoked or expired, as the case may be, the Director shall enter or cause to be entered a memorial of such revocation or expiry in the register wherein the title to the land is recorded as provided for under section 120.

Surrender of proprietary mining licence

87. (1) An application to surrender a proprietary mining licence shall be made to the Director in the prescribed form.

(2) The liability of the holder of a proprietary mining licence

(a) to pay any fee, royalty, penalty or other money that is payable on or before the date of surrender;

(b) to perform any obligation required to be performed on or before the date of surrender; and

(c) for any act done or default made on or before the date of surrender,

shall not be affected by the surrender of the licence under subsection (1).

(3) Upon the surrender of a proprietary mining licence, the Director shall enter or cause to be entered a memorial of the surrender in the register wherein the title to the land is recorded as provided for under section 120.

MINERAL (PERAK) 2003

PART V

ACCESS TO LAND

Access to reserved land or reserved forest area for exploration

88. (1) Where any land in respect of which a prospecting licence or exploration licence has been granted includes any reserved land or reserved forest area, the holder of the prospecting licence or exploration licence shall not carry out any exploration work, other than that conducted from aerial observation or by remote sensing methods, in respect of the reserved land or reserved forest area unless the exploration work is carried-out in such manner and subject to such requirements as may be prescribed under the law declaring or constituting the reservation.

(2) Subject to subsection (3), where the law under which the reservation is declared or constituted does not prescribe the manner in which any exploration work shall be carried out then the holder of the prospecting licence or exploration licence shall not carry out any exploration work, other than that conducted from aerial observation or by remote sensing methods, in respect of the reserved land or reserved forest area unless the holder thereof has obtained prior written permission of the officer for the time being having the control over such land before commencing exploration work.

(3) Where a temporary occupation licence or a similar right to use the land has been granted over any reserved land or reserved forest area, as the case may be, the holder of the prospecting licence or exploration licence shall not carry out any exploration work, other than that conducted from aerial observation or by remote sensing methods, in respect of the land unless the holder thereof has obtained prior written permission of the holder of the temporary occupation licence or a similar right.

Access to alienated land or occupied land for exploration

89. (1) Where any land in respect of which a prospecting licence or exploration licence has been granted includes any alienated land or occupied land, the holder of the prospecting licence or exploration licence shall not carry out any exploration work, other than that conducted from aerial observation or by remote sensing methods, in respect of the land unless the holder thereof-

PERAK No.7 OF 2003

(a) has obtained prior written permission of the owner of the alienated land or occupied land, as the case may be; or

(b) has obtained, if the alienated land or occupied land is subject to the category "agriculture" or to any condition requiring its use for any agricultural purpose, an access order under subsection (3),

and any such written permission or access order shall be appended to the licence.

(2) Where the written permission has been obtained under paragraph (1)(a), the holder of the prospecting licence or exploration licence shall, before commencing any exploration work, submit such written permission to the Director in such manner as may be prescribed.

(3) If the holder of the prospecting licence or exploration licence

(a) has failed to obtain the written permission mentioned in paragraph (1) (a) within a period of six months from the date the licence is issued; or

(b) has obtained the written permission mentioned in paragraph (1)(a) but the written permission is subsequently withdrawn,

and the land in respect of which the prospecting licence or exploration licence has been granted is subject to the category "agriculture" or to any condition requiring its use for any agricultural purposes, the holder thereof shall notify the Director in writing of such fact.

(4) The Director shall, as soon as practicable after receiving the notice under subsection (3), conduct an inquiry for the purpose of determining-

(a) whether or not an access order should be granted; and

(b) the terms or conditions of the access order, if any.

(5) An access order may include the following matters:

(a) the date on which the access order shall come into force, but such date shall be no sooner than forty-five days from the date the access order is made;

MINERAL (PERAK) 2003

(b) the periods, if any, during which the holder of the prospecting licence or exploration licence is to be permitted access to the land;

(c) the parts of the alienated land or occupied land in or on which the holder of the prospecting licence or exploration licence may explore and the means by which the holder thereof may gain access to these parts of the land;

(d) the kind of exploration operations that may or may not be carried out in or on the land;

(e) the conditions to be complied with when exploring in or on the land;

(f) the measures which the holder of the prospecting licence or exploration licence needs to take in order to protect the environment while having access to the land and exploring in or on the land;

(g) the compensation to be paid to any owner of the alienated land or occupied land-

(i) as a consequence of the holder of the prospecting licence or exploration licence exploring in or on the land; or

(ii) for any loss or interference with the owner's right to use the land for monetary gain that may be reasonably attributed to the exploration operations;

(h) the amount of security, if any, to be deposited with the Director under section 93 by the holder of the prospecting licence or exploration licence as payment for damages under section 92;

(i) the manner of resolving any dispute arising in connection with the access order;

(j) the manner of varying the access order; and

(k) such other matters as the parties to the access order may agree to include in the access order.

PERAK No.7 OF 2003

(6) Any person aggrieved by the decision of the Director to grant or refuse an access order or with the terms of any such access order made under this section may, within thirty days after the date the access order is made or refused, appeal in writing to the State Authority whose decision shall be final.

(7) Where an appeal is made under subsection (6), the access order shall have no effect until disposal of the appeal.

(8) Without prejudice to any proceedings which may be brought against the holder of a prospecting licence or exploration licence in respect of any contravention of an access order, the owner of the land to which the order relates may, if the holder of a prospecting licence or exploration licence contravenes such order, deny the holder thereof access to the land until-

(a) the contravention ceases; or

(b) the contravention is remedied to the reasonable satisfaction of the owner of such land.

(9) Where the holder of a prospecting licence or exploration licence has been denied access to the land under subsection (8), he may appeal in writing to the Director whose decision shall be final.

Mining beneath alienated land

90. (1) Subject to this Enactment, a mining lease may be granted in respect of any land beneath alienated land.

(2) The provisions of section 63 relating to an application for mining lease shall, with such modifications as may be necessary, apply to an application for mining lease beneath alienated land.

(3) A mining lease granted beneath any alienated land shall extend downward-

(a) from the depth specified in the document of title of the alienated land as its lowest boundary; or

(b) in the case where the document of title of the alienated land does not specify a depth boundary, from the depth to which the owner has the right to use and enjoy the land for the purposes of such title.

MINERAL (PERAK) 2003

(4) The State Authority may, in granting a mining lease beneath any alienated land, in addition to the conditions specified in section 72, impose such other conditions as it deems necessary, including the following:

(a) that the lessee and every person employed in relation to the mining lease shall use the land specified in the mining lease in the manner least injurious to the owner of the overlying alienated land or occupied land; and

(b) that the lessee shall, in conducting mining operations, take all reasonable precautions to prevent the occurrence of subsidence of the overlying alienated land or occupied land.

(5) The owner of any alienated land affected by any mining operation beneath such land shall have the right to make a claim for compensation under section 92.

Access to mining land beneath alienated land

91. (1) The lessee of a mining lease granted in respect of land beneath alienated land shall not be entitled to access through or on the alienated land to the land beneath except-

(a) with the prior written permission of the owner of the alienated land; or

(b) in accordance with an access order as determined by the Director under this section,

and any such written permission or access order shall be appended to the lease.

(2) The provisions of section 89 other than subsection (1) thereof relating to access to alienated land shall, with such modifications as may be necessary, apply to access to land beneath alienated land.

PART VI

COMPENSATION

Compensation

92. (1) The owner of any alienated land or occupied land-

(a) in respect of which a prospecting licence or exploration licence has been granted; or

PERAK No.7 OF 2003

(b) in respect of which a mining lease beneath any such land has been granted,

is entitled to compensation for any loss or damage suffered by him resulting or arising from the exploration or mining operations, as the case may be; and the holder of the prospecting licence or exploration licence or the lessee shall be liable to pay compensation in accordance with this Enactment for any such loss or damage.

(2) The officer for the time being having the control of reserved land or reserved forest area in respect of which a prospecting licence or exploration licence has been granted is entitled to compensation for any loss or damage suffered by the State Authority resulting or arising from the exploration; and the holder of the prospecting licence or exploration licence shall be liable to pay compensation in accordance with this Enactment for any such loss or damage.

(3) The amount of compensation payable under subsection (1) or (2) may include compensation for-

(a) any damage to the surface of the land or any part thereof;

(b) any damage to the crops, trees or livestock on the land or damage to buildings and improvements thereon;

(c) any deprivation of possession or use of the surface of the land or any part thereof;

(d) any loss or restriction of surface right of way or other easements; or

(e) any disruption to agricultural activity.

(4) The owner of any alienated land or occupied land, or the officer for the time being having the control over reserved land or reserved forest area, seeking compensation under this section shall notify the Director stating the particulars of his claim.

(5) The amount of compensation payable under subsection (1) or (2) may be determined by an agreement-

(a) between the holder of the prospecting licence or exploration licence or the lessee, as the case may be, and the owner of such land; or

MINERAL (PERAK) 2003

(b) between the holder of the prospecting licence or the exploration licence, as the case may be, and the officer for the time being having the control over the reserved land or reserved forest area,

respectively.

(6) if no agreement under subsection (5) is reached within a period of six months after the giving of the notification under subsection (4)-

(a) the owner of any alienated land or occupied land;

(b) the officer for the time being having the control over reserved land or reserved forest area; or

(c) the person liable to pay the compensation under subsection (1) or (2), as the case may be,

may apply to the Director to determine the amount of compensation payable in such form and manner as may be prescribed.

(7) The Director shall, upon an application made under subsection

(6), determine the compensation payable in accordance with such procedure as may be prescribed.

(8) Any person who is aggrieved by the decision of the Director under subsection (7) may, within thirty days of being notified of such decision, appeal to the High Court.

Deposit for payment of compensation

93. (1) The State Authority may require any person to whom-

(a) a prospecting licence or exploration licence has been granted in respect of any area which consists of or includes alienated land, occupied land, reserved land or reserved forest area; or

(b) a mining lease has been granted in respect of any land beneath alienated land,

to deposit from time to time with the State Authority such amount of money as it may specify as a security for the payment of compensation which the person may be liable to pay under this Enactment.

(2) Any deposit paid under subsection (1) shall, on loss or damage being caused by the holder of the prospecting licence or exploration licence or the lessee, as the case may be, for any reason specified in section 92, be paid out by the Director to the person entitled thereto.

PERAK No.7 OF 2003

(3) Where the whole or any part of an amount deposited under subsection (1) has not been paid out under subsection (2), the Director shall refund such amount, with no adjustment for interest on the amount deposited, to the holder of the prospecting licence or exploration licence or the lessee, as the case may be, as soon as practicable-

(a) in the case of a prospecting licence or exploration licence, after the licence is surrendered, expired or revoked, whichever shall first occur; and

(b) in the case of a mining lease, after the mining lease is surrendered, expired or forfeited, whichever shall first occur:

Provided that the Director shall not refund any amount under this section until all claims to compensation under this section have been settled.

(4) The amount required as a deposit under subsection (1) shall not operate to relieve any person from any liability in respect of any claim for compensation.

PART VII

FINANCIAL OBLIGATIONS

Holding fees and rent

94. (1) Subject to subsection (6)-

(a) the holder of a prospecting licence or exploration licence shall, in respect of the land which is subject to the licence, pay holding fee; and

(b) the lessee shall, in respect of the mining land which is subject to the mining lease, pay rent,

annually to the Director.

(2) The amount of holding fee or rent payable under subsection (1) in any year shall be calculated by multiplying the area of land subject to the licence or lease in that year with the respective rate of holding fee or rent prescribed as of the date such holding fee or rent is payable.

MINERAL (PERAK) 2003

(3) Any holding fee and rent payable under this Enactment shall be paid at such time and place and in such manner as may be prescribed.

(4) The State Authority may revise-

(a) the rate of holding fee payable in respect of the land which is subject to a prospecting licence;

(b) subject to subsection (5), the rate of holding fee payable in respect of the land which is subject to an exploration licence;
and

(c) the rate of rent payable in respect of mining land,

and such rates shall be based on land area and be prescribed.

(5) No rate of holding fee revised under paragraph (4)(b) shall have effect before the expiry of a period of ten years from the most recent date of revision.

(6) The State Authority may, in circumstances deemed to justify such a course of action, grant-

(a) to the holder of a prospecting licence or exploration licence a total or partial waiver of the holding fee; and

(b) to the lessee a total or partial waiver of the rent.

Royalty

95. (1) Subject to subsections (5) and (8), the holder of a mineral tenement shall pay to the State Authority royalty on any mineral-

(a) won and sold or intended for sale; or

(b) won and utilised, or to be utilised, for any commercial or industrial purpose.

(2) Subject to Clause (3B) of Article 110 of the Federal Constitution and subsections (3) and (4), the State Authority may prescribe the rate of royalty to be paid on any mineral.

(3) The amount of royalty for any mineral may be prescribed as-

(a) a percentage of the market value of the mineral won; or

(b) an amount payable on the basis of any specified volume or weight of the mineral won.

PERAK No.7 OF 2003

(4) The rate of royalty applicable to the lessee or holder of a proprietary mining licence shall be fixed for the first ten years of the lease or licence at the level prescribed as of the date the lease or licence was registered and any change in the prescribed rate of royalty made after the date on which the lease or licence was registered shall not apply to the lessee or holder of the proprietary mining licence during the said ten year period.

(5) The State Authority may, in circumstances deemed to justify such a course of action, grant to the holder of a mineral tenement, on a yearly basis, a total or partial waiver of royalty.

(6) The State Authority or any officer authorized in writing by it may inspect and examine any book, record and account and obtain any information necessary to ascertain the quantity or value of minerals won in respect of a mineral tenement and any information necessary to verify the amount of any royalty payable.

(7) Where a mineral tenement is held by more than one person, any person having an interest in the mineral tenement shall be held jointly and severally liable for the payment of the royalty in respect of the mineral tenement.

(8) The State Authority may commute any royalty for a commutation fee by notification in the *Gazette* stating-

(a) the class of mineral tenement and the mineral to which the notice relates;
and

(b) the amount of the commutation fee.

Market value

96. For the purpose of paragraph 95(3)(a), the market value of any mineral shall be determined by such method and in such manner as may be prescribed.

Property in minerals

97. The property in minerals shall pass to the person-

(a) who has lawfully won the minerals and in consideration of and upon payment of royalty or commutation fee, as the case may be; or

(b) if no royalty is payable in respect of the minerals lawfully won, upon recovery of the minerals.

MINERAL (PERAK) 2003

Collection of arrears of fee, rent, royalty, etc.

98. (1) Where any fee, rent or royalty payable under this Part is in arrears, the State Authority shall serve or cause to be served on the holder of the mineral tenement a notice of demand in such form as may be prescribed.

(2) A note of the service of the notice under subsection (1) shall be endorsed at the instance of the State Authority on the document or instrument of the mineral tenement, as the case may be, to which the notice relates.

(3) If the whole of the sum demanded by a notice under subsection (1) is tendered to the State Authority within the time specified therein, the notice shall thereupon cease to have effect and the State Authority shall cause to be cancelled the note endorsed pursuant to subsection (2).

(4) If by the end of the period specified in the notice of demand the sum demanded by the notice has not been tendered to the State Authority, it shall thereupon by order declare-

(a) in the case of a prospecting licence or exploration licence, the licence revoked, and the provisions of sections 58 and 59 shall have effect with respect thereto accordingly;

(b) in the case of a mining lease, the mining land in respect of which the mining lease has been granted forfeited to the State Authority, and the provisions of sections 78 and 79 shall have effect with respect thereto accordingly; and

(c) in the case of a proprietary mining licence, the licence revoked, and the provisions of sections 85 and 86 shall have effect with respect thereto accordingly.

PART VIII

PROVISIONS REGARDING WATER

Right to use water may be subject to licence

99. (1) Subject to subsection (2) and section 112, a holder of a mineral tenement is entitled to the enjoyment of water as may be found on the land which is the subject of the mineral tenement for the purposes of such tenement.

PERAK No.7 OF 2003

(2) No holder of a mineral tenement shall-

(a) make, cause or permit to be made, any alteration in the water supply of any land for the purposes of the mineral tenement as may prejudicially affect the water supply enjoyed by any other persons or lands;

(b) obtain or cause to be obtained any water supply from any river, stream or water course flowing over or under the land which is the subject of a mineral tenement; or

(c) divert or cause to be diverted any water supply from lands outside the area covered by the mineral tenement to the land which is the subject of the mineral tenement,

except under the authority and in accordance with the terms or conditions of a licence or permit issued under this Part.

(3) Whenever any alteration or diversion has been made to any water supply, the holder of the mineral tenement who benefited therefrom shall, in the absence of proof to the contrary, be presumed to have made the same.

Application for water licence

100. (1) An application for a water licence shall be made by the holder of a mineral tenement to the State Authority in the prescribed form.

(2) Upon receipt of an application under subsection (1) and after consultation with the Committee and such other relevant authorities as it deems necessary, the State Authority may approve or refuse the application and its decision shall be final.

(3) The State Authority shall notify-

(a) the applicant;

(b) the Committee; and

(c) the Director,

in writing of its decision under subsection (2).

(4) A water licence shall, subject to this Enactment and to the terms or conditions specified in the licence, confer upon the holder thereof the rights-

(a) to divert, store, make use of and discharge water existing on or directly adjacent to the land covered by the mineral tenement;

MINERAL (PERAK) 2003

(b) to divert, store, make use of and discharge water from or across State land, alienated land, occupied land and reserved land for the purposes of the mineral tenement as provided in this Part; and

(c) to use water to generate power for use on the land covered by the mineral tenement.

(5) If the application for a water licence is approved the Director shall, as soon as practicable after being notified under paragraph (3)(c), and upon payment of the prescribed fee, register the instrument of water licence and issue to the applicant a water licence in Form H as set out in Schedule I subject to such terms or conditions as may be specified therein or as may be prescribed.

(6) If the applicant fails to pay the prescribed fee within sixty days after being notified of its approval, such approval shall be deemed revoked.

(7) The term of a water licence shall not exceed the expiry date of the mineral tenement for which the water is to be used.

Application for water permit

101. (1) An application for a water permit shall be made by the holder of a mineral tenement to the Superintendent of Mines in the prescribed form.

(2) The Superintendent of Mines, after consultation with such other relevant authorities as he deems necessary and upon payment of the prescribed fee, approve the application and issue to the applicant a water permit in Form I as set out in Schedule I subject to such terms or conditions as may be specified therein or as may be prescribed.

(3) The term of a water permit-

(a) shall not exceed one year but may, upon application made in the prescribed form, be renewable at the discretion of the Superintendent of Mines and upon renewal thereof he-

(i) may impose such terms or conditions as he deems fit; and

(ii) shall endorse on the permit the particulars of such renewal; and

PERAK No.7 OF 2003

(b) shall not exceed the expiry date of the mineral tenement for which the water is to be used.

(4) A water permit shall authorize the holder thereof to divert, make use of and discharge such water as is therein specified, in such places, by such means, in such manner, in such quantities and on such conditions as the Superintendent of Mines may think fit.

(5) A water permit shall not authorize the holder thereof to construct any works-

(a) upon alienated land or occupied land except with the written permission of the owner thereof; or

(b) upon reserved land except with the written consent of the officer for the time being having the control thereof.

Temporary suspension of water licence

102. (1) The State Authority may, by notice in writing to the holder of a water licence, suspend temporarily for a period not exceeding ninety days all or any rights given under a water licence issued under this Part if it is satisfied that-

(a) the holder of the licence or any person employed by him-

(i) has breached any of the terms or conditions specified in the licence; or

(ii) has contravened any of the provisions of this Enactment; or

(ab) conditions of severe drought require that the water be made available for other public purpose.

(2) The decision of the State Authority to suspend a water licence under subsection (1) shall be final.

Temporary suspension of water permit

103. (1) The Superintendent of Mines may, by notice in writing to the holder of a water permit, suspend temporarily for a period not exceeding ninety days all or any rights given under a water permit issued under this Part if he is satisfied that-

(a) the holder of the permit or any person employed by him-

(i) has breached any of the terms or conditions specified in the permit; or

MINERAL (PERAK) 2003

(ii) has contravened any of the provisions of this Enactment; or

(b) conditions of severe drought require that the water be made available for other public purpose.

(2) The decision of the Superintendent of Mines to suspend a water permit under subsection (1) shall be final.

Revocation of water licence

104. (1) The State Authority may, after consultation with the Committee, revoke a water licence if it is satisfied that the holder of the licence-

(a) has breached any of the terms or conditions specified in the licence; or

(b) has contravened any of the provisions of this Enactment.

(2) For the purpose of subsection (1), the State Authority shall serve or cause to be served on the holder of a water licence written notice of its intention to revoke the licence and the grounds on which it proposes to take such action, and it shall give the holder of the water licence an opportunity to make written representations thereon within thirty days from the date of service of the notice.

(3) Upon the expiry of the period of thirty days mentioned in subsection (2) and after considering any representation made by the holder of the water licence and after holding an inquiry, the State Authority shall decide-

(a) whether to proceed with the proposed action;

(b) whether to take action under section 106; or

(c) whether to take no further action.

(4) The State Authority shall give the holder of the water licence written notice of its decision under subsection (3).

Revocation of water permit

105. (1) The Superintendent of Mines may revoke a water permit if he is satisfied that the holder of the permit-

(a) has breached any of the terms or conditions specified in the permit; or

PERAK No.7 OF 2003

(b) has contravened any of the provisions of this Enactment.

(2) The decision of the Superintendent of Mines under subsection (1) shall be final.

Imposition of fine, remedying of breach or contravention

106. (1) If the State Authority is satisfied, after consultation with the Committee, that there are grounds on which its power to revoke the water licence is exercisable under paragraph 104(3)(a) but the circumstances are not such as to justify revocation, the State Authority may in its discretion-

(a) make an order for the payment of a fine not exceeding fifty thousand ringgit within a specified time; or

(b) issue a notice in such form and manner as may be prescribed, specifying the necessary action to be taken to remedy the breach or contravention within a specified time.

(2) The State Authority shall give the holder of the water licence written notice of its decision under subsection (1).

(3) Upon service of the notice under subsection (2), the State Authority shall endorse or cause to be endorsed the particulars of-

(a) an order made under paragraph (1)(a); or

(b) a notice issued under paragraph (1)(b),

as the case may be, on the water licence kept in the register referred to in section 115.

(4) If the order made under paragraph (1)(a) is complied with, the endorsement under subsection (3) shall be cancelled accordingly.

(5) If the order made under paragraph (1)(a) is not complied with, the State Authority shall make an order declaring the water licence revoked.

(6) Notwithstanding subsection (4), if the State Authority is satisfied that the breach or contravention continues, it shall make an order declaring the water licence revoked.

(7) If the notice issued under paragraph (1)(b) is complied with, the endorsement under subsection (3) shall be cancelled accordingly.

MINERAL (PERAK) 2003

(8) If the notice issued under paragraph (1)(b) is not complied with, the State Authority shall make an order declaring the water licence revoked.

(9) Notwithstanding subsection (7), if the State Authority is satisfied that the breach or contravention continues, it shall make an order declaring the water licence revoked.

Surrender of water licence and water permit

107. Where a water licence or water permit has been revoked under this Part, the holder of the licence or permit, as the case may be, shall forthwith surrender the licence or permit to the Director or the Superintendent of Mines respectively.

Revocation or termination to be recorded

108. As soon as practicable after the revocation or termination of a water licence, the Director shall record or cause to be recorded an entry of such revocation or termination in the register wherein the licence is recorded as provided for under section 120.

Record of water licence on titles affected

109. Where any alienated land is affected by a water licence issued under this Part, the Director having custody of the register wherein the title to the land is recorded shall-

(a) before the delivery of such licence-

(i) make in the register an entry of the grant of the licence and the period thereof; and

(ii) certify on the licence that such entry has been made; and

(b) on revocation of the licence, make in the register an entry of such revocation.

Diversion of water from or across alienated land, etc.

110. (1) Where a water licence issued under this Part gives permission to divert water from or across any alienated land, occupied land, State land, reserved land, reserved forest area or mining land, it shall be lawful for the holder thereof-

PERAK No.7 OF 2003

- (a) to enter such land for the purposes specified in the licence;
- (b) to carry out all or any of the works thereby sanctioned; and
- (c) to exercise all or any of the rights conferred thereto:

Provided that the holder of the water licence shall send a written notice at least seven days before any such entry to the owner or the State Authority, as the case may be, informing the owner or the State Authority of such intent and of the owner's or the State Authority's rights to compensation as provided under subsection (3).

(2) Where a water permit granted under this Part gives permission to divert water from or across any State land or mining land, it shall be lawful for the holder thereof-

- (a) to enter the land for the purposes specified in the licence;
- (b) to carry out all or any of the works thereby sanctioned; and
- (c) to exercise all or any of the rights conferred thereto.

(3) A holder of the water licence or water permit shall be liable to make compensation to the owner or the State Authority, as the case may be, of any land affected by the works or exercise of rights under subsection (1) or (2), and in the absence of any agreement between the holder of the licence and the said owner or the State Authority in respect of any compensation, such compensation shall be determined by the Director or the Superintendent of Mines, as the case may be, in such manner as may be prescribed.

(4) Any person who is aggrieved by any decision made under subsection (3) may, within thirty days of being notified of such decision, appeal to the High Court.

(5) Where-

- (a) diversion works have been placed on the land mentioned in subsection (1) or (2); and
- (b) the owner of the land through which the diversion works pass desires to use or deal with his land in such a manner as to render it necessary or convenient that the diversion works should be removed or altered to another part of the land,

MINERAL (PERAK) 2003

the owner of the land may, by notice in writing, require the holder of the water licence or water permit to remove or alter the diversion works within a reasonable period.

(6) If the holder of the water licence or water permit does not comply with the requisition made under subsection (5), the owner of the land may apply to the Superintendent of Mines to order the removal or alteration of the diversion works.

(7) The Superintendent of Mines to whom an application is made under subsection (6) may, in his discretion, refuse the application or make an order, with or without conditions, for the removal or alteration of the diversion works.

(8) Any person who is aggrieved by the decision of the Superintendent of Mines under subsection (7) may, within thirty days of being notified of such decision, appeal to the State Authority whose decision shall be final.

Alteration or interference with river banks

111. (1) No person shall, in the enjoyment of a mineral tenement, alter or interfere with, or cause or permit to be altered or interfered with, the banks of any river, stream or watercourse banks unless-

(a) such alteration or interference is permitted in a water licence or water permit issued under this Part; or

(b) such person has obtained the written permission of

(i) the Director under subsection (3); or

(ii) the Superintendent of Mines under subsection (5).

(2) An application for written permission to alter or interfere with the banks of any river, stream or water course shall be made by the holder of a mineral tenement to the Director in the prescribed form.

(3) Upon receipt of an application under subsection (2), the Director may, after consultation with such other relevant authorities as he deems necessary, give written permission to the holder of a mineral tenement to alter or interfere with the banks of any river, stream or watercourse.

PERAK No.7 OF 2003

(4) An application for written permission to alter or interfere with the banks of any stream or watercourse not exceeding five metres in width between the banks shall be made by the holder of a mineral tenement to the Superintendent of Mines in the prescribed form.

(5) Upon receipt of an application under subsection (4), the Superintendent of Mines may, after consultation with such other relevant authority as he deems necessary, give written permission to the holder of a mineral tenement to alter or interfere with the banks of any stream or watercourse not exceeding five metres in width between the banks.

(6) The Superintendent of Mines may, by a written order, require any person who in the course of mining operations-

(a) alters or interferes with the banks of any river, stream or watercourse; or

(b) permits any other person to alter or interfere with the banks of any river, stream or watercourse,

to restore the same to the condition in which it was immediately prior to such alteration or interference or to remake the same in such manner as may be specified in the order.

Mineral tenement holder to permit use of excess and discharged water to others

112. (1) The Superintendent of Mines may, by a written order, direct the holder of a mineral tenement to permit any other person to enter upon the land which is the subject of the mineral tenement and thereupon to erect, construct and maintain, at that person own expense, any pump, line of pipes, flume, race or watercourse which, in the opinion of the Superintendent of Mines, may be necessary to enable him to take advantage of any excess or discharged water from such land, and to convert the same to his own use:

Provided that no such use, erection, construction or maintenance shall be permitted or continued if it is proved that it causes or is likely to cause prejudicial effect or result upon or towards any actual or prospective mining operations which is being or may be commenced or carried on upon the land affected by the mineral tenement.

(2) Where any land the subject of a mineral tenement is affected by an order issued under subsection (1), the holder of such mineral tenement may, within sixty days from the date of notification of the order, appeal against such order to the State Authority whose decision shall be final.

MINERAL (PERAK) 2003

Maintenance of water standards

113. (1) Every holder of mineral tenement who uses water in connection with mining operations shall-

(a) before it is discharged into any river, stream or watercourse; or

(b) before it leaves the land affected by the mineral tenement, comply with such water quality standards as may be prescribed by this Enactment or the Environmental Quality Act 1974.

(2) The Superintendent of Mines shall, on receipt of a complaint made in writing describing the failure on the part of any person to comply with the requirement of subsection (1), hold an inquiry into the matter of such complaint and may, with or without such complaint, at any time order any person who fails to comply with the requirement of subsection (1) to-

(a) undertake the necessary measure to ensure water quality standards are complied with; or

(b) suspend mining operations until such measures are taken to comply with water quality standards.

(3) Any measures taken to comply with an order issued under subsection (2) shall not operate to relieve any person from any liability arising under subsection (1).

Provision of this Part to prevail

114. The provisions of this Part shall have effect notwithstanding anything contained in any other written law regarding water.

PART IX

RECORDING AND REGISTRATION

Registers of mineral tenements, water licences, etc.

115. (1) The Director shall, for the purposes of this Enactment, open a series of books to be known as-

(a) the register of fossicking licences;

PERAK No.7 OF 2003

- (b) the register of dulang licences;
- (c) the register of individual mining licences;
- (d) the register of prospecting licences;
- (e) the register of exploration licences;
- (f) the register of mining leases;
- (g) the register of proprietary mining licences; and
- (h) the register of water licences.

(2) The Superintendent of Mines shall, for the purposes of this Enactment, open a series of books to be known as the register of water permits.

Preparation of licence, lease and permit

116. (1) Any licence or lease granted under this Enactment shall be prepared in duplicate, one copy to be delivered by the Director to the holder of the licence or lessee, as the case may be, and the other to be retained by the Director to be bound up in the appropriate registers referred to in section 115 and serially numbered therein.

(2) Any water permit granted under this Enactment shall be prepared in duplicate, one copy to be delivered by the Superintendent of Mines to the holder of the permit and the other to be retained by the Superintendent of Mines to be bound up in the register of water permits referred to in section 115 and serially numbered therein.

(3) The Director shall not cause any fossicking licence, dulang licence, individual mining licence, prospecting licence, exploration licence, proprietary mining licence, water licence or mining lease to be prepared, and the Superintendent of Mines shall not cause any water permit to be prepared, and the Superintendent of Mines shall not cause any water permit to be prepared, unless-

(a) in the case of a fossicking licence, dulang licence, individual mining licence, proprietary mining licence, water licence or water permit, the prescribed fees have been paid;

(b) in the case of a prospecting licence or exploration licence, the prescribed fees and the first year's holding fee have been paid; and

MINERAL (PERAK) 2003

(c) in the case of a mining lease-

(i) the prescribed fees and the first year's rent have been paid; and

(ii) the land which is to be the subject of the lease has been surveyed and the survey fees, if the survey was carried out by Survey Officer, and the fee for mining lease plan have been paid.

Description of area to be attached

117. A description of the area the subject of a licence or lease granted under this Enactment shall be attached to both copies of the respective licence or lease referred to in section 116 and shall-

(a) in the case of a fossicking licence, dulang licence, individual mining licence, prospecting licence, exploration licence, proprietary mining licence, water licence and water permit, be in such form and manner as may be prescribed; or

(b) in the case of a mining lease, consist of a plan of the land prepared under the Land and Mining Plans and Document (Photographic Copies) Act 1950 [Act 233].

When licence, permit or lease to have effect

118. (1) The granting of a fossicking licence, dulang licence, individual mining licence, prospecting licence, exploration licence, proprietary mining licence, water licence and water permit under this Enactment shall take effect upon the issuance of such licence or permit.

(2) The granting of a mining lease under this Enactment over State land shall take effect upon the registration of the mining lease.

Manner of issuing licence and permit and registration of lease

119. (1) The issuance of a fossicking licence, dulang licence or individual mining licence shall consist of its authentication under the hand and seal of the Director or under the hand and seal of any person to whom the Director has delegated the power to grant such licence.

(2) The issuance of a prospecting licence, exploration licence, proprietary mining licence or water licence and the registration of a mining lease shall consist of its authentication under the hand and seal of the Director.

PERAK No.7 OF 2003

(3) The issuance of a water permit shall consist of its authentication under the hand and seal of the Superintendent of Mines.

(4) The date of issuance of any licence or permit and the date of registration of any mining lease, as the case may be, shall be inscribed therein by the person issuing or registering the licence, permit or lease.

Memorial on renewal, etc. to be entered in register

120. (1) The Director shall enter in the appropriate register a memorial of renewals, extensions, transfers, surrenders, revocations, forfeitures, variations of conditions, changes of addresses or names or any other matters affecting the status of or any interests in any licence issued, or any lease registered, under this Enactment.

(2) The Superintendent of Mines shall enter in the register of water permits a memorial of renewals, surrenders, revocations, variations of conditions, changes of addresses or names or any other matters affecting the status of or any interests in any water permit issued under this Enactment.

(3) No such renewals, extensions, transfers, surrenders, revocations, forfeitures, variation of conditions, changes of addresses or names or other matters referred to in subsection (1) or (2) shall have effect until the memorial thereof has been entered under that subsection.

Acknowledgment of receipt

121. The officer issuing a licence or permit or registering a mining lease under section 119 shall require an acknowledgement of the receipt of the copy of the licence, permit or lease, as the case may be, from the person accepting such licence, lease or permit in such form as may be prescribed.

Registered mining lease to be conclusive evidence

122. Every mining lease duly registered under this Part shall, subject to the provisions of this Enactment, be conclusive evidence-

(a) that the lease of the land described therein is vested in the person or body for the time being registered as the lessee; and

(b) of the conditions and other provisions subject to which the land is for the time being held by the person or body, so far as the same are required by any provision of this Enactment to be specified in that document.

MINERAL (PERAK) 2003

Lease shall be indefeasible

123. The granting of a mining lease under this Enactment over State land to any person shall confer on the person a lease of the land which shall be indefeasible as provided in Part Twenty of the National Land Code.

Saving in respect of mining lease or certificate

124. Every mining lease or mining certificate subsisting at the commencement of this Enactment shall continue to be in force under the Mining Enactment [*P.M. S. Cap. 147*] under which it was issued until the expiration thereof.

Inspection of registers

125. Any person shall, upon payment of the prescribed fee, be permitted to inspect any register referred to in section 115 during the hours and on the days appointed by the Director or the Superintendent of Mines, as the case may be.

PART X

REHABILITATION

Rehabilitation plan for mining lease authorizing large scale operation

126. (1) Every lessee of a mining lease authorizing a large scale operation shall submit to the Director-

(a) a mine rehabilitation plan; and

(b) upon application for a renewal of such lease, a modified mine rehabilitation plan,

for approval by the Committee.

(2) The mine rehabilitation plan shall provide for specific rehabilitation actions, inspections, annual reports, estimated total cost for rehabilitation, cost estimates for each specific rehabilitation action and a detailed timetable for the orderly and efficient rehabilitation of the mining land.

(3) The Committee shall, within a reasonable time from the submission of the mine rehabilitation plan under subsection (1), approve or reject such plan, and shall notify the lessee of its decision.

PERAK No.7 OF 2003

- (4) Any lessee whose mine rehabilitation plan has been rejected under subsection (3)-
- (a) may submit such number of mine rehabilitation plans as may be necessary in order to obtain the approval of the Committee; or
 - (b) may appeal against the rejection, within sixty days of notification of the decision under subsection (3), to the State Authority whose decision thereon shall be final.
- (5) Where the lessee intends to modify a mine rehabilitation plan approved under this section, the lessee shall submit the proposed modified rehabilitation plan to the Committee for approval.
- (6) Where any mining lease authorizing a large scale operation is renewed, no mining shall proceed until a modified mine rehabilitation plan has been approved under this section.
- (7) Where a mining lease authorizing a small scale operation is altered to authorize a large scale operation under section 63, no large scale operation shall commence on the land until a mine rehabilitation plan has been approved under this section.

Mine Rehabilitation Fund

127. (1) There shall be established a Mine Rehabilitation Fund for the purpose of rehabilitation of mining lands which are subject to mining leases authorizing large scale operations ..

(2) The Fund shall be administered by the Committee.

(3) The lessee shall pay into the Fund-

(a) where the term of the mining lease authorizing large scale operations exceeds ten years-

(i) an initial amount of ten per cent of the estimated total cost for rehabilitation specified in the mine rehabilitation plan before the commencement of development work but not later than one year from issuance of the lease:

Provided that where a mining lease authorizing a small scale operation is altered to authorize a large scale operation, the initial amount shall be paid before the commencement of the large scale operation; and

MINERAL (PERAK) 2003

(ii) annual payments, nine months thereafter, of one tenth of the estimated total cost for rehabilitation specified in the rehabilitation plan; or

(b) where the term of the mining lease authorizing a large scale operation is less than ten years-

(i) an initial amount equal to the estimated total cost for rehabilitation specified in the rehabilitation plan divided by the term of the lease before the commencement of development work but not later than one year from issuance of the lease:

Provided that where a mining lease authorizing a small scale operation is altered to authorize a large scale operation, the initial amount shall be paid before the commencement of the large scale operation; and

(ii) annual payments, each year thereafter, equal to the estimated total cost for rehabilitation specified in the rehabilitation plan divided by the term of the lease.

(4) Where at any time after the issuance, of the mining lease the Committee determines that the estimated total cost to implement the approved mine rehabilitation plan is excessive or insufficient, it may-

(a) refund any excess amount to the lessee; or

(b) require the lessee to deposit an additional amount as it may specify,

as the case may be.

(5) Where the mining lease is renewed, the lessee shall pay into the Fund such annual amounts as may be specified in the modified mine rehabilitation plan.

(6) The Committee may specify the manner of collection of payments under subsection (3).

(7) The State Legislative Assembly may appropriate such sum as it deems necessary to be deposited into the Fund which sum shall be subtracted from the estimated total cost for rehabilitation payable by the lessee under subsection (3).

PERAK No.7 OF 2003

(8) Any sum deposited into the Fund under section 131 shall be subtracted from the estimated total cost for rehabilitation payable by the lessee under subsection (3).

(9) Any money paid into the Fund shall be deposited in any bank duly licensed under the Banking and Financial Institutions Act 1990 [Act 312].

(10) The Fund and any sum accruing therefrom shall be used only for the implementation of the rehabilitation plan to which it relates and the Committee may, for the implementation of the mine rehabilitation plan, authorize payments from the Fund to the lessee, or other party so designated in the rehabilitation plan.

(11) The Committee shall-

(a) keep proper accounts and other records in respect of the operations of the Fund;

(b) cause to be prepared a statement of accounts in respect of each financial year; and

(c) cause its accounts to be audited annually by the Auditor -General.

(12) The lessee shall implement and perform the obligations described in the mine rehabilitation plan during the term of the mining lease.

(13) Where the mine rehabilitation plan has been fully implemented and completed to the satisfaction of the Committee, any sum remaining in the Fund shall be refunded to the lessee.

(14) In this section, "Fund" means the Mine Rehabilitation Fund established under subsection (1).

Non-payment into the Mine Rehabilitation Fund

128. (1) Where the lessee fails to pay the sum payable into the Mine Rehabilitation Fund under subsection 127(3) within the time prescribed, the Committee shall-

(a) serve or cause to be served on the lessee a notice of demand in such form and in such manner as may be prescribed; and

(b) forward a copy of the notice to the Director who shall, upon receipt of the notice, cause a note of the service of the notice to be endorsed on the document of mining lease to which it relates.

MINERAL (PERAK) 2003

(2) If the whole of the sum demanded under paragraph (1)(a) is paid to the Committee within the time specified therein-

(a) the notice shall thereupon cease to have effect; and

(b) the note endorsed pursuant to paragraph (1)(b) on the document of mining lease shall be cancelled accordingly.

(3) If by the end of the period specified in the notice of demand the whole of the sum demanded under paragraph (1)(a) has not been paid to the Committee, the Committee shall notify the State Authority of such default, and upon receipt of such notification, the State Authority shall by order declare the mining land in respect of which the mining lease has been granted forfeited to the State Authority and the provisions of sections 78 and 79 shall apply.

Common Rehabilitation Fund

129. (1) There shall be established a Common Rehabilitation Fund for the purpose of rehabilitation of mining lands which are subject to mining leases authorizing small scale operations.

(2) The Fund shall be administered by the Committee.

(3) There shall be paid into the Fund-

(a) such sum as may be annually appropriated by the State Legislative Assembly for the purposes of the Fund;

(b) any loan or grant given to the State Authority by the Federal Government for the purposes of the Fund; and

(c) the rehabilitation fee payable under subsection (4).

(4) For the purposes of the Fund, every holder of a mining lease authorizing a small scale operation shall pay into the Fund-

(a) an annual fee at the rate of one percent of the gross sales value of all minerals won during a calendar year from the mining land that is subject to the lease; or

(b) a prescribed annual fee,

whichever is greater.

(5) Subsection (4) shall not apply to any lessee who is permitted to alter mining operation from a large scale operation to a small scale operation.

PERAK No.7 OF 2003

(6) Any money paid into the Fund and any sum accruing therefrom-

(a) shall be deposited in any bank duly licensed under the Banking and Financial Institutions Act 1990; or

(b) may be invested in accordance with the provisions of the Trustee Act 1949 [Act 208].

(7) The Fund shall be used for the following purposes:

(a) the preparation by the Committee of rehabilitation plans for-

(i) any land, other than alienated land, affected by mining before this Enactment comes into force; or

(ii) any State land or reserved land affected by mining after this Enactment comes into force; and

(b) the implementation of any plan referred to in paragraph (a) that is approved by the Committee.

(8) The Committee shall-

(a) keep proper accounts and other records in respect of the operations of the Fund;

(b) cause to be prepared a statement of accounts in respect of each financial year;

(c) cause its accounts to be audited annually by the Auditor-General; and .

(d) as soon as the accounts of the Fund have been audited, but not later than six months after the end of the financial year, cause a copy of the audited statement of accounts to be transmitted to the State Authority together with a copy of any observation made by the Auditor-General on the statement or the accounts.

(9) A copy of the statement and observations transmitted to the State Authority under paragraph (8) (d) shall be laid before the State Legislative Assembly as soon as practicable after its transmission.

(10) The Committee shall keep a record of the mining leases authorizing small scale operations which are not in compliance with the provisions of subsection (4) and annually provide copies of such record to the State Authority and the Director.

MINERAL (PERAK) 2003

(11) The fee payable under subsection (4) shall be payable in such manner as may be prescribed.

(12) In this section, "Fund" means the Common Rehabilitation Fund established under subsection (1).

Non-payment into the Common Rehabilitation Fund

130. (1) Where the lessee fails to pay the sum payable into the Common Rehabilitation Fund under subsection 129(4) within the time prescribed, the Committee shall-

(a) serve or cause to be served on the lessee a notice of demand in such form and in such manner as may be prescribed; and

(b) forward a copy of the notice to the Director who shall, upon receipt of the notice, cause a note of the service of the notice to be endorsed on the document of mining lease to which it relates.

(2) If the whole of the sum demanded under paragraph (1)(a) is paid to the Committee within the time specified therein-

(a) the notice shall thereupon cease to have effect; and

(b) the note endorsed pursuant to paragraph (1)(b) on the document of mining lease shall be cancelled accordingly.

(3) If by the end of the period specified in the notice of demand the whole of the sum demanded under paragraph (1)(a) has not been paid to the Committee, the Committee shall notify the State Authority of such default, and upon receipt of such notification, the State Authority shall by order declare the mining land in respect of which the mining lease has been granted forfeited to the State Authority and the provisions of sections 78 and 79 shall apply.

Rehabilitation requirements when altering mining lease authorizing small scale operations to mining lease authorizing large scale operations

131. Where a mining lease authorizing small scale operation is altered to a mining lease authorizing large scale operation under section 63-

(a) the provisions of sections 126 and 127 shall apply after the authorization to conduct large scale operation is granted;

PERAK No.7 OF 2003

(b) the lessee shall have no further obligation under section 129; and

(c) the Committee may transfer to the Mine Rehabilitation Fund established under section 127 such sum as the lessee has paid into the Common Rehabilitation Fund under section 129.

Rehabilitation requirements when altering mining lease authorizing large scale operations to mining lease authorizing small scale operation

132. Where a mining lease authorizing large scale operation is altered to a mining lease authorizing small scale operation under section 63-

(a) the lessee shall submit a modified rehabilitation plan for approval by the Committee; and

(b) the lessee shall continue his obligation under section 127 in accordance with the modified rehabilitation plan.

PART XI

**ENFORCEMENT, INVESTIGATION, EVIDENCE, OFFENCES
AND PENALTIES**

Chapter 1 - Enforcement and Investigation

Enforcement by authorized officer

133. An authorized officer may for the purpose of enforcing this Enactment-

(a) call for and examine any book, document, instrument or record and make copies of or take extracts from such book, document, instrument or record which is in the custody or control of any person pertaining to any matter under this Enactment;

(b) visit, enter, inspect and examine with or without previous notice any fossicking, panning, exploration or storage facility area or mine or mineral processing plant at any time but shall not unnecessarily obstruct or impede any work therein;

MINERAL (PERAK) 2003

(c) investigate in respect of any fossicking, panning, exploration or storage facility area or mine or mineral processing plant concerning-

(i) the state and condition of any such area or plant;

(ii) any matter or thing connected with or related to the safety or health of any person or which causes or is likely to cause damage to property or is a nuisance;

(iii) the effect of any operation or practice upon the amenity of any area or place; or

(iv) compliance with the provisions of this Enactment;

(d) take measures to ensure the use of proper precautions in all fossicking, panning, exploration, mining, storage or mineral processing activities for the prevention of damage or danger to life or property;

(e) require any person whom he finds in an area where fossicking, panning, exploration, mining, storage or mineral processing is undertaken to reveal his identity and purpose, and give such information as is required by this Enactment and in such person's power to give; and

(f) take samples of any material whether solid, liquid or gas in or being discharged in or from any fossicking, panning, exploration or storage facility area or mine or mineral processing plant.

Power of investigation

134. (1) Any authorized officer shall have the power to investigate the commission of any offence under this Enactment.

(2) Every person required by an authorized officer to give information or produce any document or other article relating to the commission of any offence which is in the person's power to give shall be legally bound to give the information or to produce the document or other article.

Power to require attendance of person acquainted with case

135. (1) An authorized officer making an investigation under this Enactment may by order in writing require the attendance before him of any person who appears to the authorized officer to be acquainted with the facts and circumstances of the case, and such person shall attend as so required.

PERAK No.7 OF 2003

(2) If any such person fails to attend as so required, the authorized officer may report such failure to a Magistrate who may thereupon in his discretion issue a warrant to secure the attendance of such person.

(3) A person attending as required under subsection (1) shall be entitled to be paid the reasonable travelling and subsistence expenses incurred by him and it shall be lawful for the Director to pay such expenses.

Power to examine person acquainted with case

136. (1) An authorized officer making an investigation under this Enactment may examine orally any person supposed to be acquainted with the facts and circumstances of the case and shall reduce into writing any statement made by the person so examined.

(2) Such person shall be legally bound to answer all questions relating to the case put to him by the authorized officer:

Provided that such person may refuse to answer any question the answer to which would have a tendency to expose him to a criminal charge or penalty or forfeiture.

(3) A person making a statement under this section shall be legally bound to state the truth, whether or not such statement is made wholly or partly in answer to questions.

(4) The authorized officer examining a person under subsection (1) shall first inform the person of the provisions of subsections (2) and (3).

(5) A statement made by any person under this section shall, whenever possible, be reduced into writing and signed by the person making it or affixed with his thumb print, as the case may be, after it has been read to him in the language in which he made it and after he has been given an opportunity to make any correction he may wish, and where the person examined refuses to sign or affix his thumb print on the statement, the authorized officer shall endorse thereon under his hand the fact of such refusal and the reason therefor, if any, stated by the person examined.

Power of arrest, seizure and investigation

137. (1) An authorized officer may without warrant-

(a) arrest any person found committing or attempting to commit or abetting the commission of an offence under this Enactment; and

(b) seize any thing which he considers necessary to seize in relation to the evidence necessary to establish the commission of any such offence.

MINERAL (PERAK) 2003

(2) An authorized officer making an arrest under paragraph (1)(a) shall without unnecessary delay make over the person so arrested to the nearest police officer or, in the absence of a police officer, take such person to the nearest police station, and thereafter the person arrested as aforesaid shall be dealt with as provided by the law relating to criminal procedure for the time being in force as if he had been arrested by a police officer.

Search with warrant

138. (1) If it appears to a Magistrate, upon information on oath and after such inquiry as he considers necessary, that there is reasonable cause to suspect that in any building or place or on any land there is concealed or deposited any mineral, box, trunk, receptacle, package, conveyance or thing in respect of which an offence under this Enactment is being committed or has been committed, the Magistrate may issue a warrant authorizing any authorized officer to whom it is directed, by day or night, with or without assistance, to enter the building, place or land and there search for and seize any such mineral, box, trunk, receptacle, package, conveyance or thing in respect of which the offence has or suspected to have been committed and any machinery, book, document or other thing that is reasonably believed to furnish evidence of the commission of the offence.

(2) Any authorized officer acting under subsection (1) may if it is necessary so to do-

(a) break open any outer or inner door of the building or place or any other premise and enter thereinto;

(b) forcibly enter the place and every part thereof;

(c) remove by force any obstruction to entry, search, seizure and removal as he is empowered to effect under subsection (1); and

(d) break open any receptacle in order to inspect its contents.

(3) The authorized officer seizing any mineral, box, trunk, receptacle, package, conveyance or thing under subsection (1) shall-

(a) forthwith place on such mineral, box, trunk, receptacle, package, conveyance or thing a mark indicating that it has been seized;

(b) prepare a list of the things seized and forthwith, or as soon as practicable, deliver a copy signed by him to the owner or person from whom the things were seized present in the

PERAK No.7 OF 2003

building or premise and if the building or premise is unoccupied, such authorized officer shall, wherever possible, post a list of the things seized on the building or the premise;

(c) forthwith report the seizure to the Director; and

(d) where practicable, remove the things seized, as soon as possible, for his custody.

Search without warrant

139. If it appears to an authorized officer that there is reasonable cause to suspect that in any building or place or on any land there is concealed or deposited any mineral, box, trunk, receptacle, package, conveyance or thing in respect of which an offence under this Enactment is being or has been committed, and if he has reasonable grounds for believing that by reason of delay in obtaining a search warrant under section 138 the mineral, box, trunk, receptacle, package, conveyance or thing is likely to be removed or destroyed, he may exercise in, upon, and in respect of the building, place or land all the powers mentioned in section 138 in as full and ample a manner as if he was authorized to do so by a warrant under that section.

Temporary return of seized item

140. Where any thing has been seized under this Enactment, the Director may, at his discretion, temporarily return such thing to the owner or the person from whom such thing was seized subject to such terms or conditions as the Director may impose, and subject in any case to sufficient security being furnished to his satisfaction that such thing shall be surrendered to him on demand or be produced before a court of competent jurisdiction.

Forfeiture of things seized

141. (1) Any thing seized in exercise of any power conferred under this Enactment shall be liable to forfeiture.

(2) An order for the forfeiture or for the release of any thing seized in exercise of any power conferred under this Enactment shall be made by the court before which the prosecution with regard thereto has been held and an order for the forfeiture of the thing shall be made if it is

MINERAL (PERAK) 2003

proved to the satisfaction of the court that an offence under this Enactment has been committed and that the thing was the subject-matter of or was used in the commission of the offence, notwithstanding that no person may have been convicted of such offence.

(3) If there is no prosecution with regard to any thing seized in exercise of any power conferred under this Enactment, such thing shall be taken and deemed to be forfeited at the expiration of one calendar month from the date of service of a notice to the person from whom the thing was seized indicating that there is no prosecution in respect of such thing, unless before that date a claim thereto is made in the manner set out in subsections (4), (5) and (6).

(4) Any person asserting that he is the owner of the thing referred to in subsection (3) and that it is not liable to forfeiture may personally or by his agent authorized in writing give written notice to the authorized officer in whose possession such thing is held that he claims the same.

(5) On receipt of the notice referred to in subsection (4), the authorized officer shall refer the claim to the Director who-

(a) may order that such thing be released; or

(b) may direct the authorized officer to refer the matter to a Magistrate for decision.

(6) The Magistrate to whom a matter is referred under paragraph (5)(b) shall issue a summons requiring the person asserting that he is the owner of the thing and the person from whom it was seized to appear before the Magistrate and upon their appearances or default to appear, due service of the summons being proved, the Magistrate shall proceed to the examination of the matter and on proof that an offence under this Enactment has been committed and that such thing was the subject-matter of or was used in the commission of such offence shall order the same to be forfeited and shall, in the absence of such proof, order its release.

(7) Any thing forfeited or deemed to be forfeited shall be delivered to the Director and shall be disposed of by the Director-

(a) in accordance with the directions of the Magistrate; or

(b) if there is no such direction, in such manner as he deems fit.

PERAK No.7 OF 2003

(8) Where any thing seized in exercise of the powers conferred under this Enactment is of a perishable nature or is subject to speedy and natural decay or where the custody of such thing involves unreasonable expense and inconvenience, or is believed to cause obstruction or hazard to the public, the Director may direct that such thing be sold at any time and the proceeds of the sale be held to abide by the result of any prosecution or claim under this section.

Cost of holding seized thing

142. Where any thing seized under this Enactment is held in the custody of the State Authority pending completion of any proceedings in respect of an offence under this Enactment, the cost of holding such thing in custody shall, in the event of any person being found guilty of an offence, be a debt due to the State Authority by such person and shall be recoverable accordingly.

No costs or damages arising from seizure to be recoverable

143. No person shall, in any proceedings before any court in respect of seizure of any thing seized in the exercise or the purported exercise of any power conferred under this Enactment, be entitled to the costs of such proceedings or to any damages or other relief unless such seizure was made without reasonable cause.

Power to stop and search conveyance

144. (1) If any authorized officer has reasonable suspicion that any conveyance is carrying any thing in respect of which an offence under this Enactment is being committed or has been committed, he may stop and examine the conveyance.

(2) The person in control or in charge of the conveyance shall, if required to do so by the authorized officer-

(a) stop the conveyance and allow the authorized officer to examine it; and

(b) open all parts of the conveyance, including receptacles therein or thereon, for examination and take all measures necessary to enable or facilitate the carrying out of such examination as the authorized officer considers necessary to make.

MINERAL (PERAK) 2003

(3) Any person who fails or refuses to cooperate with the authorized officer to stop such conveyance or conduct a search of such conveyance shall be guilty of an offence.

Chapter 2 - Evidence

Presumption that minerals belong to the State Authority

145. Where in any proceedings taken under this Enactment or that in consequence of anything done under this Enactment a question arises as to whether any mineral or mineral product is the property of State Authority, such mineral or mineral product shall be deemed to be the property of the State Authority unless the contrary is proved.

Certificate as to the value of mineral or mineral product, etc.

146. In any proceedings under this Enactment a certificate by the Director or the Superintendent of Mines stating-

(a) the value of any mineral or mineral product;

(b) the amount of fee, royalty, premium and other charges payable in respect of any mineral or mineral product; or

(c) the cost of repairing any damage done by an offender,

shall be *prima facie* evidence of such value, fee, royalty, premium, charge or cost, without proof of the signature of the Director or the Superintendent of Mines to such certificate.

Sample

147. Any authorized officer may, without payment, take a sample of any mineral as is necessary and reasonable for the examination and testing thereof and the sample so taken shall be accepted in any court, in the absence of any other evidence, as representative of the source material from which such sample has been taken.

Certificate of analysis

148. (1) In any prosecution under this Enactment, a certificate of analysis purporting to be under the hand of an analyst shall, on production thereof by the prosecuting officer, be sufficient evidence of the facts stated therein unless such analyst shall be required to attend as a witness-

PERAK No.7 OF 2003

(a) by the court; or

(b) by the accused, in which case the accused shall give notice to the prosecuting officer not less than three clear days before the commencement of the trial:

Provided always that in any case in which the prosecuting officer intends to give in evidence any such report he shall deliver a copy thereof to the accused not less than ten clear days before the commencement of the trial.

(2) In this section, "analyst" means-

(a) a person for the time being employed wholly or partly in chemical or physical analytical work relating to minerals in the Department of Mineral and Geoscience or by the State Government; or

(b) a person engaged in chemical or physical analytical work relating to minerals and employed by a laboratory recognised by the Department of Mineral and Geoscience.

(3) If any analyst is called by the accused as provided for by subsection (1), he shall be called at the expense of the accused unless the court otherwise directs.

Protection of informers

149. (1) Except as hereinafter provided, no witness in any civil or criminal proceedings shall be obliged or permitted to disclose the name or address of any informer or the substance and nature of the information received from him or to state any matter which may lead to his discovery .

(2) If any books, documents or papers which are in evidence or are liable to inspection in any civil or criminal proceedings contain any entry in which any informer is named or described or which might lead to his discovery, the court shall cause all such passages to be concealed from view or to be obliterated so far only as may be necessary to protect the informer from discovery.

(3) If on the trial for any offence under this Enactment the court after full inquiry into the case believes that the informer wilfully made in his complaint a material statement which he knew or believed to be

MINERAL (PERAK) 2003

false or did not believe to be true, or if in any other proceedings the court is of the opinion that justice cannot be fully done between the parties thereto without the discovery of the informer, it shall be lawful for the court to require the production of the original complaint, if in writing, and permit inquiry, and require full disclosure, concerning the informer.

169. Any person who attempts to commit any offence under this Enactment or abets the commission of any offence under this Enactment shall be guilty of such offence and shall be liable to the penalty provided for the offence.

Offences committed by body corporate

170. Where a person charged with an offence under this Enactment is a body corporate, every person who, at the time of the commission of such offence, is a managing director, manager or other similar officer of such body corporate, may be charged jointly in the same proceedings with the body corporate, and where the body corporate is convicted of the offence charged, every such managing director, manager or officer shall be deemed to be guilty of the offence unless he proves that the offence was committed without his knowledge or that he took reasonable precautions to prevent its commission.

Offences committed by partner, agent or servant

171. Any person who would have been liable to any penalty under this Enactment for anything done or omitted if the thing had been done or omitted by him personally shall be liable to the same penalty if the thing

MINERAL (PERAK) 2003

has been done or omitted by his partner, agent or servant unless he proves that he took reasonable precautions to prevent the doing or omission of that thing.

Penalty for continuing offences

172. Any person who commits an offence under this Enactment shall, in the case of a continuing offence, be liable, in addition to any fine provided under this Enactment, to a further fine of two hundred ringgit for every day or part of a day during which the offence continues after conviction.

General penalty

173. Any person who is guilty of an offence under this Enactment for which no penalty is expressly provided shall, on conviction, be liable to a fine not exceeding fifty thousand ringgit or to imprisonment for a term not exceeding three years or to both.

Compounding of offences

174. (1) The Director or the Deputy Director may compound any offence committed by any person under this Enactment, which is prescribed to be a compoundable offence, by making a written offer to such person to compound the offence upon payment to the Director or the Deputy Director such amount not exceeding fifty per cent of the amount of maximum fine for that offence within such time as may be specified in the offer.

(2) An offer under subsection (1) may be made at any time after the offence has been committed but before any prosecution for it has been instituted, and where the amount specified in the offer is not paid within the time specified in the offer or within such extended period as the Director or the Deputy Director may grant, prosecution for the offence may be instituted at any time thereafter against the person to whom the offer was made.

(3) Where an offence has been compounded under subsection (1)-

(a) no prosecution shall thereafter be instituted in respect of such offence against the person to whom the offer to compound was made; and

PERAK No.7 OF 2003

(b) any thing seized in connection with such offence shall be released forthwith.

(4) The power to compound offences under subsection (1) shall be exercised by the Director or the Deputy Director personally.

Chapter 4 - General

Institution of proceedings and conduct of prosecution

175. (1) No proceedings for, or in relation to, any offence under this Enactment shall be instituted without the written consent of the Public Prosecutor.

(2) Any authorized officer authorized in writing by the Public Prosecutor may conduct the prosecution for any offence under this Enactment.

Recovery of money due to the State Authority

176. Any money payable to the State Authority under this Enactment may be recovered by the State Authority by civil proceedings as a debt due to the State Authority.

PART XII

MISCELLANEOUS

Prohibition against disclosure of information

177. (1) Subject to subsection (4), no information contained in any report submitted to meet the requirements as may be prescribed regarding any prospecting licence or exploration licence to any authorized officer shall be disclosed by the authorized officer-

(a) for a period of three years from the date of submission of the report; or

(b) for a period of one year from the date of termination of the licence,

whichever period shall so first expire, except with the written consent of the holder of the prospecting licence or exploration licence.

MINERAL (PERAK) 2003

(2) Subject to subsection (4), no information contained in any report submitted to meet the requirements as may be prescribed regarding any mining lease or proprietary mining licence to any authorized officer shall be disclosed by the authorized officer for a period of one year from the date of termination of the lease or licence except with the written consent of the holder of the mining lease or proprietary mining licence.

(3) All information submitted in support of an application for a mineral tenement or for the renewal thereof and supplied to any authorized officer shall be kept confidential by the authorized officer-

(a) where the application is refused, for a period of six months from the date of such refusal; or

(b) where the application is approved, for a period of six months from the date of termination of the mineral tenement.

(4) Nothing in subsection (1), (2) or (3) shall operate to prevent the disclosure of information where the disclosure is made-

(a) for or in connection with the due administration of this Enactment;

(b) for the purpose of any legal proceedings;

(c) for the purpose of any investigation or inquiry conducted under this Enactment;

(d) to any consultant to the State Authority or to any officer authorized in writing by the Director to receive the information; or

(e) for or in connection with the preparation by the State Authority or Federal Government of statistics in respect of exploration or mining operations.

(5) In this section, "date of termination" means-

(a) in relation to a prospecting licence, exploration licence and proprietary mining licence, the date of surrender, revocation or expiry of the licence, whichever shall first occur; .

(b) in relation to a mining lease, the date of surrender, forfeiture or expiry, whichever shall first occur.

PERAK No.7 OF 2003

Prohibition on abuse of information obtained in official capacity

178. Any authorized officer responsible for the administration of this Enactment who has any information which if generally known might reasonably be expected to affect materially an exploration or mining activity which-

(a) he holds by virtue of his official capacity or former official capacity; and

(b) it would be reasonable to expect a person in his official capacity or former official capacity not to disclose except for the proper performance of the functions attached to that official capacity,

shall not make improper use of such information to gain, directly or indirectly, an advantage for himself or for any other person.

Authority cards

179. (1) Every authorized officer empowered to act under this Enactment shall, on request, declare his office and produce to the person against whom the authorized officer is acting or from whom the authorized officer seeks any information his authority card as is officially issued to him.

(2) Any person may refuse to comply with any request, demand or order by any authorized officer acting under this Enactment if the authorized officer refuses to declare his office and produce his authority card on demand being made by such person.

Protection of officers

180. No authorized officer responsible for the administration of this Enactment shall incur any personal liability for any loss or damage caused by any act or omission by him in carrying out the duties under this Enactment unless the loss or damages was occasioned intentionally or through recklessness or gross negligence.

Boundary survey to solve dispute

181. (1) In the event of a dispute regarding boundary between the holder of a prospecting licence or an exploration licence and the owner of the land adjacent to or within the prospecting or exploration area in respect of which the licence has been granted, either party may apply to the Director for a boundary survey to be carried out to solve the dispute.

MINERAL (PERAK) 2003

(2) The cost of the boundary survey shall be paid by such party to the dispute as the Director shall determine.

Service of notice

182. (1) Any notice required to be given or served under this Enactment may, unless any other form of service is prescribed, be sent by registered post to the person affected thereby.

(2) Where a notice is served by registered post, it shall be deemed to have been served on the day succeeding the day on which the notice would have been received, in the ordinary course of post, if the notice is addressed-

(a) in the case of a company incorporated in Malaysia, to the registered office of the company;

(b) in the case of a company incorporated outside Malaysia, either to the individual authorized to accept service of process under the Companies Act 1965, at the address filed with the Registrar of Companies or to the registered office of the company, wherever it may be situated;

(c) in the case of an individual or a body of persons, to the last known business or private address of such individual or body of persons.

(3) Where the person to whom there has been addressed a registered letter containing any notice which may be given under this Enactment is informed of the fact that there is a registered letter awaiting him at a post office, and such person refuses or neglects to take delivery of such registered letter, such notice shall be deemed to have served upon him on the date on which he was so informed.

Non-application of Enactment

183. This Enactment shall not apply to-

(a) scientific or educational exploration unless such exploration is carried out with the intention to locate minerals for the purpose of mining; and

(b) mineral investigations carried out by the Department of Minerals and Geoscience to ascertain the non-existence of economic minerals within an area before releasing the said area for purposes other than mining.

PERAK No.7 OF 2003

State or its agent may conduct exploration

184. (1) The State Authority or its agent authorized by it in writing may conduct exploration for minerals on any land within the State.

(2) Where-

(a) an employee of the State Government; or

(b) an agent authorized under subsection (1),

conduct exploration for minerals on any land other than State Land, he shall be liable to pay compensation-

(aa) in the case of alienated or occupied land, to the owner thereof; and

(bb) in the case of reserved land or reserved forest area, to the officer for the time being having the control thereof,

for any loss, damage or disturbance caused by such exploration.

(3) Where there is a dispute between the parties with regard to the amount of compensation payable under subsection (2), the matter shall be referred to the High Court for a decision.

(4) No agent authorized under subsection (1) to conduct exploration for minerals may be granted a mining lease on any land which such agent has explored on behalf of the State.

Removal of dredging machine from one block of mining land to another

185. (1) Where any person who occupies two or more blocks of mining land which are not contiguous-

(a) has been conducting mining operations on one of such blocks by means of a dredging machine; and

(b) has proven to the satisfaction of the State Authority that for the economical working of another of such blocks it is necessary that the dredging machine be removed to such other block along a passage to be excavated by the dredging machine through the intervening lands,

MINERAL (PERAK) 2003

it shall be lawful for the State Authority, after holding an inquiry, to issue to such person a licence in Form J as set out in Schedule 1, upon payment of the prescribed fee, subject to such terms or conditions as may be specified therein or as may be prescribed, to remove the dredging machine through the said land, and thereupon it shall be lawful for such person to enter upon the said land and to do such things as may be necessary to enable the dredging machine to be removed accordingly.

(2) Before issuing the licence under subsection (1), the State Authority-

(a) shall determine the route of the passage to be excavated by the dredging machine through the intervening land;

(b) shall be satisfied that such route is one that shall cause the least damage to the intervening land; and

(c) shall take into account the time convenient or suitable to the parties concerned in the removal of the dredging machine.

(3) The holder of a licence issued under this section shall be prohibited from conducting mining operations upon and removing any mineral from any land to which the licence applies .

(4) Any person desiring to make any claim for compensation in respect of any loss or damage which have been sustained by him by reason of anything done or omitted to be done by the holder of the licence acting in pursuance of a licence issued under subsection (1) shall submit particulars of such claim in writing to the State Authority not later than six months after such loss or damage shall have been sustained, and the State Authority shall after such inquiry as it deems necessary make an order directing the holder of the licence to pay to the claimant compensation in such amount as specified in the order, and the decision of the State Authority on the amount of compensation shall be final.

(5) A licence issued under subsection (1) shall be revoked by the State Authority upon proof that the holder of the licence has failed to observe or comply with any of the terms or conditions thereof.

Provisions relating to inquiry

186. (1) In this section, "State Authority" includes the Director and any other person required or empowered to hold an inquiry.

PERAK No.7 OF 2003

(2) Every inquiry held under any provision of this Enactment-

- (a) shall be conducted in accordance with the provisions of this section;
- (b) shall be held at such place and time as the State Authority may direct; and
- (c) shall be open to the public unless the State Authority shall, for special reasons to be recorded by it, order otherwise.

(3) Before holding any inquiry, the State Authority-

- (a) shall give notice of inquiry in such manner as it may consider appropriate in the circumstances of the case; and
- (b) shall serve on any person or body who is to its knowledge interested in the subject -matter thereof a copy of that notice to which there shall be appended an additional notice in such form as may be prescribed.

(4) The State Authority may, if it thinks it necessary or expedient to do so-

- (a) at any time cancel or postpone the holding of any proposed inquiry, or change the venue thereof; or
- (b) adjourn from time to time the hearing of any inquiry.

(5) Any person or body claiming to be interested in the subject -matter of the proposed inquiry may, by registered letter addressed to the State Authority, apply a postponement or change of venue and such application-

- (a) shall state the reasons for which the postponement or change of venue is sought; and
- (b) shall indicate also the nature of any evidence proposed to be given or addressed by or on behalf of the applicant.

(6) Notice of any cancellation, postponement, change of venue or adjournment mentioned in subsection (4) shall be given by the State Authority to every person or body on whom notice of the inquiry has been given or served under subsection (3), and in such other manner as it may consider appropriate in the circumstances of the case.

MINERAL (PERAK) 2003

(7) In conducting the inquiry, the State Authority shall have the following powers:

(a) to procure and receive all evidence, written or oral, and to examine any person as witness, as the State Authority deems necessary or desirable to procure or examine;

(b) to require the evidence, written or oral, of any witness to be made on oath or affirmation (such oath or affirmation to be that which could be required of the witness if he were giving evidence in the High Court) or by statutory declaration; and

(c) to summon any person to give evidence or produce any document or other thing in his possession and to examine him as a witness or require him to produce any document or other thing in his possession.

(8) Where the State Authority is satisfied that a person who, under subsection (7)-

(a) having been summoned to attend any such inquiry, fails to do so;

(b) having been required to produce any document or other thing, fails to do so; or

(c) having been required to answer any question, refuses to do so,

it may certify in writing the failure to attend or to produce the document or the refusal to answer questions, as the case may be, and inform the Magistrate accordingly.

(9) A person giving evidence under this section shall be legally bound to state the truth, whether or not such evidence is made wholly or partly in answer to any question.

(10) Where a certificate is given under subsection (8), the Magistrate shall inquire into the case and, if he is satisfied that the person to whom the certificate relates has, without reasonable excuse, failed to attend or failed or refused to comply with the requirement as mentioned in the certificate he shall order the person to attend or to comply with the requirement at a hearing before the State Authority holding such inquiry to be held at a time and place specified in the order.

PERAK No.7 OF 2003

Power to demolish building or structures

187. (1) If it appears to any authorized officer that there is cause to believe that any building or structure has been buildings erected without authorization under this Enactment for the purposes of exploring or mining for minerals, such officer may destroy, demolish or remove any such building or structure or take possession of it in the name of the State Authority.

(2) This section shall not apply to an area within the local authority area.

PART XIII

REGULATIONS

Regulations

188. (1) The State Authority may make regulations in respect of any matter which may be prescribed under this Enactment.

(2) In particular and without prejudice to the generality of subsection (1), such regulations may-

(a) generally prescribe and provide for fees, rent and royalties under this Enactment and the manner for collecting and disbursing such fees, rents and royalties;

(b) prescribe the offences under this Enactment which may be compounded and the method and procedure for compounding such offences;

(c) allow remission, rebate or deferment of payment of rent and remission of fees;

(d) prescribe the powers and duties of officers appointed under this Enactment;

(e) alter, add to or rescind any of the Forms contained in Schedule I and prescribe additional Forms;

(f) prescribe the submission of statistical returns and the keeping and production of books and plans by owner of any mine;

MINERAL (PERAK) 2003

(g) prescribe the contents of any feasibility study, rehabilitation plan, survey, plan, report or any other assessment as may be necessary for the purposes of this Enactment;

(h) prescribe the activities which are not allowed within a mineral reserve;

(i) prescribe the terms or conditions of a mineral tenement granted over any State land, alienated land, occupied land, reserved land or reserved forest area;

(j) prescribe the procedure and requirements for competitive bidding for mineral tenements; .

(k) prescribe the procedure, manner and form for the application, granting, renewal, extension, issuance, registration and record of any mineral tenement, water licence and water permit; and

(l) provide for any other matter generally to give effect to the provisions of this Enactment.

PART XIV

REPEAL, SAVINGS AND TRANSITIONAL PROVISIONS

Repeal, savings and transitional provisions

189. (1) The provisions of the Mining Enactment [*F.M.S. Cap. 147*] are repealed.

(2) Notwithstanding subsection (1), all subsidiary legislation made under or in accordance with the repealed Enactment shall, in so far as they are not inconsistent with this Enactment, continue in force until amended, revoked or replaced by this Enactment.

(3) The State Authority may by order made under this section

(a) repeal or amend any other written law in force immediately before the coming into force of this Enactment-

(i) which has been rendered obsolete or unnecessary by any provision of this Enactment;

PERAK No.7 OF 2003

(ii) for the purpose of bringing the provisions thereof into accord with the provisions of this Enactment; or

(iii) for supplementing the aforesaid provisions referred to in subparagraph (ii) in any respect;

(b) make such provision as it may consider necessary or expedient for the purpose of removing any difficulties occasioned by the coming into operation of this Enactment,

and any such order may be made so as to have effect as from the commencement of this Enactment.

(4) Nothing in this Enactment shall invalidate any licence, permit, right, privilege or other authority lawfully given under the repealed Enactment and the same shall continue in force and be deemed to have been issued under this Enactment.

(5) Any person who, immediately before the commencement of this Enactment, was holding any office to which appointments may be made under this Enactment shall continue in that office and be deemed for the purposes of this Enactment to have been so appointed.
